Burman's Benz, Tower's Jackson, Endi-
cott's Cole, Delaney's Cutting, and Fox's
Pope-Hartford.

Even when the drivers saw they were
hopelessly distanced they continued on in
an effort to make as good record as
possible. The act of remaining in the
race was a good card for all of them.

The semi-official time of Ray Harroun
was 6:41:08, and his average was 74.62
miles an hour for the entire distance. To
get this average it was necessary to drive
at a speed of between eighty and eighty-
five miles an hour much of the time to
make up for the minutes lost in chang-
ing tires and getting fuel.

balloon party, and it was nearby when
the balloon descended. The truck was
used to haul the balloon and the mem-
bers of the party back to the city.
