FROM CHICAGO SHOW.**

INSPECTS MOTOR SPEEDWAY

E. M. Butler, chairman of the contest board of the American Automobile Association, stopped off in Indianapolis last night on his way east from the Chicago show. Mr. Butler was formerly chairman of the contest board of the Automobile Club of America and succeeded Frank H. Mower, of Buffalo, last fall in his present position. It is his first visit to Indianapolis. No special meaning is attached to Butler's visit other than it is his desire to come in direct touch with all circles where big automobile contests are to be held.

In company with E. A. Moross, the auto contest official was shown about the Indianapolis motor speedway this morning. He expressed some surprise at the magnitude of the present plant and was especially enthusiastic in his praise of the new brick track. He expects to attend all the contests scheduled at the speedway this season.

Dates Are Arranged.

According to Mr. Moross, who returned from the Chicago show yesterday, the conflict over the Labor day racing dates was settled at the Chicago conference. Indianapolis, he says, will hold races on September 16, 17 and 18, but gives up the events set for October 7 and 8. This
