nd Marquette.

# CONSIDER ROUTES FOR NATIONAL AUTO TOUR

A. A. A. PREPARES FOR THE 1910  
ANNUAL EVENT.

CHALMERS HEADS BIG DEAL

[By Carburer.]

President Lewis R. Speare, of the Amer-  
ican Automobile Association, who was in  
New York city several days last week,  
was in conference with other officials re-  
garding the work for the coming year.  
The choice of route and general conditions  
for the 1910 A. A. A. national endurance  
tour were some of the things discussed,  
for already there have been received from  
different parts of the country requests for  
recognition in the laying out of the route.  
Names for the new contest board were  
suggested, and it is intended to appoint  
representatives in all parts of the coun-  
try. After the tentative list is made up  
by Chairman S. M. Butler, a conference  
will be held with the Manufacturers' Con-  
test Association, after which a definite  
announcement will follow.  
For the meetings and conferences to  
be held under A. A. A. auspices during  
the forthcoming automobile shows in New  
York city, beginning New Year's eve,  
dates have been definitely assigned for  
several sessions. The first meeting of the  
new executive committee will be held at  
the national headquarters Tuesday, Janu-  
ary 11.  
"Good Roads" will take delegates from  
many clubs for a meeting January 5 to  
be presided over by Chairman George C.  
Diehl, of the good roads board. An inter-  
esting special feature, introduced by Sec-  
retary F. H. Elliott, will be a gathering  
of secretaries of state associations and

York City, beginning New Year's eve,  
dates have been definitely assigned for  
several sessions. The first meeting of the  
new executive committee will be held at  
the national headquarters Tuesday, Janu-  
ary 11.

"Good Roads" will take delegates from  
many clubs for a meeting January 5 to  
be presided over by Chairman George C.  
Diehl, of the good roads board. An inter-  
esting special feature, introduced by Sec-  
retary F. H. Elliott, will be a gathering  
of secretaries of state associations and  
clubs, the day and date being Friday,  
January 14. Chairman Powell Evans, of  
the touring board, and Chairman Terry,  
of the legislative board, will have board  
meetings during the show period.

### Chalmers Heads Big Deal.

Indianapolis motoring experts and crit-  
ics are interested in the report of the  
changes that have been effected in the  
control of the Chalmers-Detroit motor  
company. By an exchange of stock in  
two companies and payment of a stiff  
bonus by him, Hugh Chalmers has gained  
absolute control of the Chalmers-Detroit  
company. The Hudson Motorcar Com-  
pany was owned and operated by the  
leading factors in the Chalmers-Detroit  
concern—Hugh Chalmers, R. D. Chapin,  
Howard E. Coffin and F. O. Bezner. The  
last three turned over to Chalmers their  
holdings in the Chalmers-Detroit concern  
in exchange for his interests in the Hud-  
son company, together with a big bunch  
of cash.

Although the deal has been completed,  
the actual separation of the two compa-  
nies will not be put into effect until some  
time in spring or early summer.

The men now in control of the Chalmers-  
Detroit company, with Chalmers at the  
head as president, are Lee Counselman,  
first vice-president; J. J. Brady, second  
vice-president and factory manager; Har-  
ry W. Ford, secretary; C. A. Pfeffer,  
treasurer.

Officers of the Hudson company now  
are: R. D. Chapin, president; H. E. Coffin,  
vice-president; F. O. Bezner, secretary;  
R. B. Jackson, treasurer.

### Studebaker-E-M-F Controversy.

Federal Judge Severans, of Kalamazoo,  
Mich., who is hearing the injunction pro-  
ceedings obtained by the Studebaker Au-  
tomobile Company, of South Bend, against  
the E-M-F company, of Detroit, said,  
yesterday, he desired further arguments  
of counsel confined to these issues:

Would the interests of the corporation

gives him a big bo  
meet some of the be  
try at 135 pounds.  
pearance he boxed  
Bloom, of Chicago.  
ditorium in this city  
and since that time
