Automobile Notes.

Motor cabs are increasing in London at the rate of 1,500 a year.

Automobile caps with purses cunningly concealed in the crowns are a novelty just put on the market.

Fourteen firms and individuals exhibited 100 different cars at the Syracuse (N. Y.) show recently held.

A new motor lamp company just formed at Detroit has \$150,000 capital stock, all subscribed.

An automobile line has been established between Menardsville and Brady, Tex.

The membership of the Royal Automobile Club of England has reached 4,502.

If an acetylene headlight throws its flame too high, the trouble, in all probability, is due to clogged burner openings.

The new car used by Speaker Cannon at Washington has a limousine body, the interior of which is beautifully and luxuriously furnished.

In replacing sparking plugs in hot cylinders they should not be screwed up too tightly or difficulty will be experienced later in any attempt to remove them.

The Albany (N. Y.) Automobile Club's fifth annual club tour will start Tuesday, June 23. It will be of seven days' duration, as usual, and the total distance to be covered is 615 miles.

Plans have been made in Birmingham, Ala., for the early establishment of an automobile factory to build six-cylinder cars at a moderate price. The concern will be incorporated and capitalized at about \$250,000.

Atlanta, Ga., and Los Angeles, Cal., now have taxicab services in full operation. Eight machines are running in the Southern city and more will be added, while the beautiful Western city boasts of twenty.

There are more than 250 firms now engaged in making motor cars in the United States, and latest estimates indicate that no fewer than 90,000 cars will be added to the visible supply during 1909.

The ocean boulevard authorized by the New Jersey Legislature will cost \$4,000,000 complete, and will be 126 miles long. The plans are practically all prepared and the construction of the boulevard will be begun as soon as possible.
