ATLANTA TO LEARN AUTO RACING GAME

Representative Will Be Sent Here to Study Methods Used by Local Race Promoters.

PRAISES DRIVER LYTLE-ATKINS TEAM

Atlanta is going to send an automobile man to Indianapolis to learn the art of holding an auto race meet, according to A. E. Moross, of the Speedway company, returned from the Atlanta meeting.

The representative will spend two weeks in Indianapolis studying the planning for and the holding of the first meeting of the year, opening May 27.

The Atlanta meeting was a frost, according to Moross. The attendance was poor, not more than 6,000 people attending the three days' meet. While Indianapolis cars made a clean sweep of the meeting, the honor was not so large as it looks, for the reason that there were few other cars entered. Some races were run with two starters. Time was filled in with match races.

Praising the work of all the Indianapolis drivers, including Harroun, Aitken, Hendicott and Kincaid, Moross was especially loud in his laudation of the work of Lytle, driving an American. Lytle, in the speedy American car, will tear things up on the track this summer, for he is a daring fellow.

Indianapolis cars will soon send in their entries for the first auto race meeting at the Speedway this season. Foreign cars have been given the preference up to this time, so that they could not claim that preference had been shown other cars. Indianapolis cars will be well represented in all the events of the open-

CITY LEAGUE IS FACING DIFFICULTY

Diamonds to Play Scarce, Says President Callahan.

ATKINS TEAM

The City league is having difficulty in getting enough diamonds for its teams. According to President Callahan, the Marion School league slipped off the City leaguers and secured an available playing ground.

Callahan is now trying to get the Atkins team in the matter of the league and making the situation would solve the problem of the diamond, and all that would be to secure two more players. Representatives of the league met Monday night and made a discussion of the matter of a new playing grounds, and outline plans. Manager Tom Seery, of the league, is very much in favor of the City league. Seery is anxious to get his players more practice and will play Saturday afternoon games with the team on edge to win the K. I. O. league. Westover, a baseman of Purdue, has been added to the team, and will report next week.
