AUTO DRIVERS COMPETE FOR ATLANTA PRIZE CUP

200-MILE RACE FEATURE OF CON- CLUDING PROGRAM.

INDIANAPOLIS TRIALS DEC. 11

ATLANTA, Ga., November 13.—A pro-
 gram of six high-class races was prom-
 ised at the new speedway today, the con-
 cluding one of the first automobile meet-
 ings in this city. The feature of the program
 was the 200-mile contest for the big
 stock cars for the Atlanta cup and a
 purse of \$1,000 to the winner, and sub-
 stantial purses to the second, third and
 fourth contestants.

Despite the strenuous racing of the
 last four days, the track was in good
 condition. Apparently it is fit for many
 more weeks without repairs.

The gruelling work of the previous four
 days of racing had so shaken and strained
 many of the cars that there were but
 two entrants in the first number on the
 program, a ten-mile stock chassis race.
 Knipper, piloting a Chalmers-Detroit,
 went around in 10:41.8. Matson, his team-
 mate, was kept at a respectful distance
 by motor trouble, which struck him be-
 fore he had gone a hundred yards, and
 he finished two laps behind.

Strang eked out the program by doing
 an exhibition two miles in 1:23.07.

Bulck and Marmon Cars Fast.

Arthur Chevrolet, a brother of Louis,
 starting from scratch, won the ten-mile
 handicap in 9:03.16. Chevrolet, in a Buick,

Buick and Marmon Cars Fast.

Arthur Chevrolet, a brother of Louis,
starting from scratch, won the ten-mile
handicap in 9:03.18. Chevrolet, in a Buick,
and Harroun, in a Marmon, conceded
thirty seconds to Knipper and Matson,
the Chalmers-Detroit pair. Chevrolet se-
cured first place as he crossed the wire
on his seventh mile, about a foot ahead
of Knipper. Harroun finished second in
9:18.07 and Knipper third in 9:38.09.

E. A. Meross, director of contests at
the Indianapolis speedway, announced
December 11 as the date when an attempt
will be made in that city to lower all
track records, including those made at
Brooklands, England. Among other driv-
ers who will attend the meeting are
Strang, Oldfield and Christie. Attempts
will be made at all records from the half-
mile up to one thousand miles.
