BAKER WINS TWO RACES.

PITTSBURG

Indianapolis Motorcycle Rider Sets Fast Pace at Dayton.

Erwin G. Baker, the local motorcycle racer, came within a fraction of a second of lowering Barney Oldfield's automobile record for a half-mile track at Lima, O., yesterday. Baker's time for the exhibition mile was 1:11 1-5. Oldfield's time on the same track is 1:10 2-5. Baker rode his 5-horse power Green Indian machine. He won a five-mile handicap and captured first place in the unlimited pursuit race after having ridden all other contestants off the track. He finished second in the race between Dayton and Indianapolis riders, Nixon, the crack Dayton rider, crossing the tape ahead of him. Baker will receive two silver trophies. His time of 1:11 1-5 is considered exceptionally fast for a half-mile track. The former record was set by John Sink, another local rider on a Thor, took second place in the first event.

PITTSBURG, world's champion before the home Sunday, turned like veritable rates in both Big Ed Reulbacher, turned the 1, although it t to tumble Bab assisted by Joe plans to victory The gloom can hoe in all secti One of the gre bled in the loca view of the con the Pirate victo of frenzied fan for the morning from the great when Clarke's feat. The cond noon jolt were there was just in all sections

ATELL EASY WINNER.

Goes Six Rounds with Kelly Before Small Pittsburgh Crowd.

PITTSBURG, September 7.—Abe Attell and Eddie Kelly, of Buffalo, went six rounds here last night before the new American A. C., in Luna park. The crowd did not number more than two thousand, and Attell seemed staggered at the smallness of the crowd and appeared slow and indifferent in his boxing. At times the crowd waked him with caustic comments, urging Kelly to put him out. There was never a minute when Attell was in danger, however, as he held Kelly safe, and at times would rouse himself and hand Kelly a few hard

Reulbacher Betting on the game stood at announced. Reu for the firing big right-hand block before th went on the fe gument. And disappointed. rings around t stages of the In the after
