

day and that Indiana will muster her greatest strength against Stagg's eleven.

BENEFIT RACES PLEASE.

Auto, Harness and Police Events Net Neat Sum.

The benefit race meeting Saturday for the Russell family was a success in every way. A neat sum of money was earned, and the races themselves furnished excellent sport. In the harness races, both of the events were highly exciting. Zoo Zoo won the free-for-all trot after trotting an extra heat to beat Victor C. In the second heat the Driving Club trotting record was broken, Zoo Zoo making the half mile in 1:07 1/4. Lady D won the free-for-all pace in straight heats from American Belle and Helen D. Best time, 1:05 1/4.

At the conclusion of the harness program, a bit of comedy was offered the spectators, who, needless to say, relished it to their fullest ability. Fred Cline offered a \$5 hat as first prize for a half-mile dash, only policemen to start. The word "dash" encouraged the pupils of Metzger, and fully a dozen lined up for a standing start. They dashed when the word was given, but only one, C. S. Adams, was able to complete the half mile. Others fell by the wayside before a third of the distance had been traversed. Time, 3:51 1/2.

Five auto events were completed, two being called off on account of darkness. At that, every one was satisfied, for the events were all high-class. The feature of the afternoon was the five-mile open run in three heats. Dr. Frieberg, in the auto car racer, defeated Tom Kincaid in a National, in the first heat. Al Webb, in a Premier, defeated Jap Clemens in a National, and in the final heat Webb won from Frieberg. Best time, 4:55 1-5, a new track record for the distance. The best mile of the afternoon was made by Webb, who now holds the track record, which was formerly held by Barney Oldfield. Webb's time was 57 4-5 seconds.
