# INDIANA MOTOR CLUB WILL OPEN SEASON

## Series of Motor and Canoe Races to Be Held at Broad Ripple Course Saturday.

### LOCAL MEN ARE INTERESTED

#### Organization to Set Wheels at Work to Push Sport—Fine Prizes to Be Offered.

The Indiana Motor Club will open the season next Saturday afternoon at Broad Ripple with a program including canoe and motor boat races. The club is organized for the purpose of promoting sport of motor-powered machines, including contests between automobiles, as well as boats driven by electricity.

Although motor boat racing is rather a rare event in this State, nevertheless it is the intention of the club to push the sport, and from the success that has attended their efforts in the past they are confident that they will not work in vain.

In fact, the course at Broad Ripple is really one of the finest in the country, comparing favorably with any where motor boat racing is considered an important sport. The craft which will be entered next Saturday in the contests are high-powered boats, and some of them have entered in the struggles on the lakes and come out victorious.

#### Four Motor Boat Races.

The program next Saturday will consist of four canoe races and four motor boat races. The first contest will be called at 3 o'clock sharp. The program is as follows:

#### CANOE RACES.

- Quarter mile—One man, single paddle.
- Quarter mile—Two men, single paddles.
- Quarter mile—Two men, double paddles.
- Quarter mile free-for-all—Any number of men, any kind of paddles.

#### MOTOR RACES.

- Five miles—First class, boats 30 feet long and over.
- Four miles—Second class, boats 20 to 30 feet long.
- Three miles—Third class, boats 18 to 20 feet long.
- Three miles—Fourth class, under 18 feet.

The leading boats that will contest are Highball, owned by G. A. Deitch; Eph, owned by Carl G. Fisher; Phantine II, owned by B. N. Pierce; Goling, owned by J. D. Sullivan; Goge, owned by O. M. Mesart.

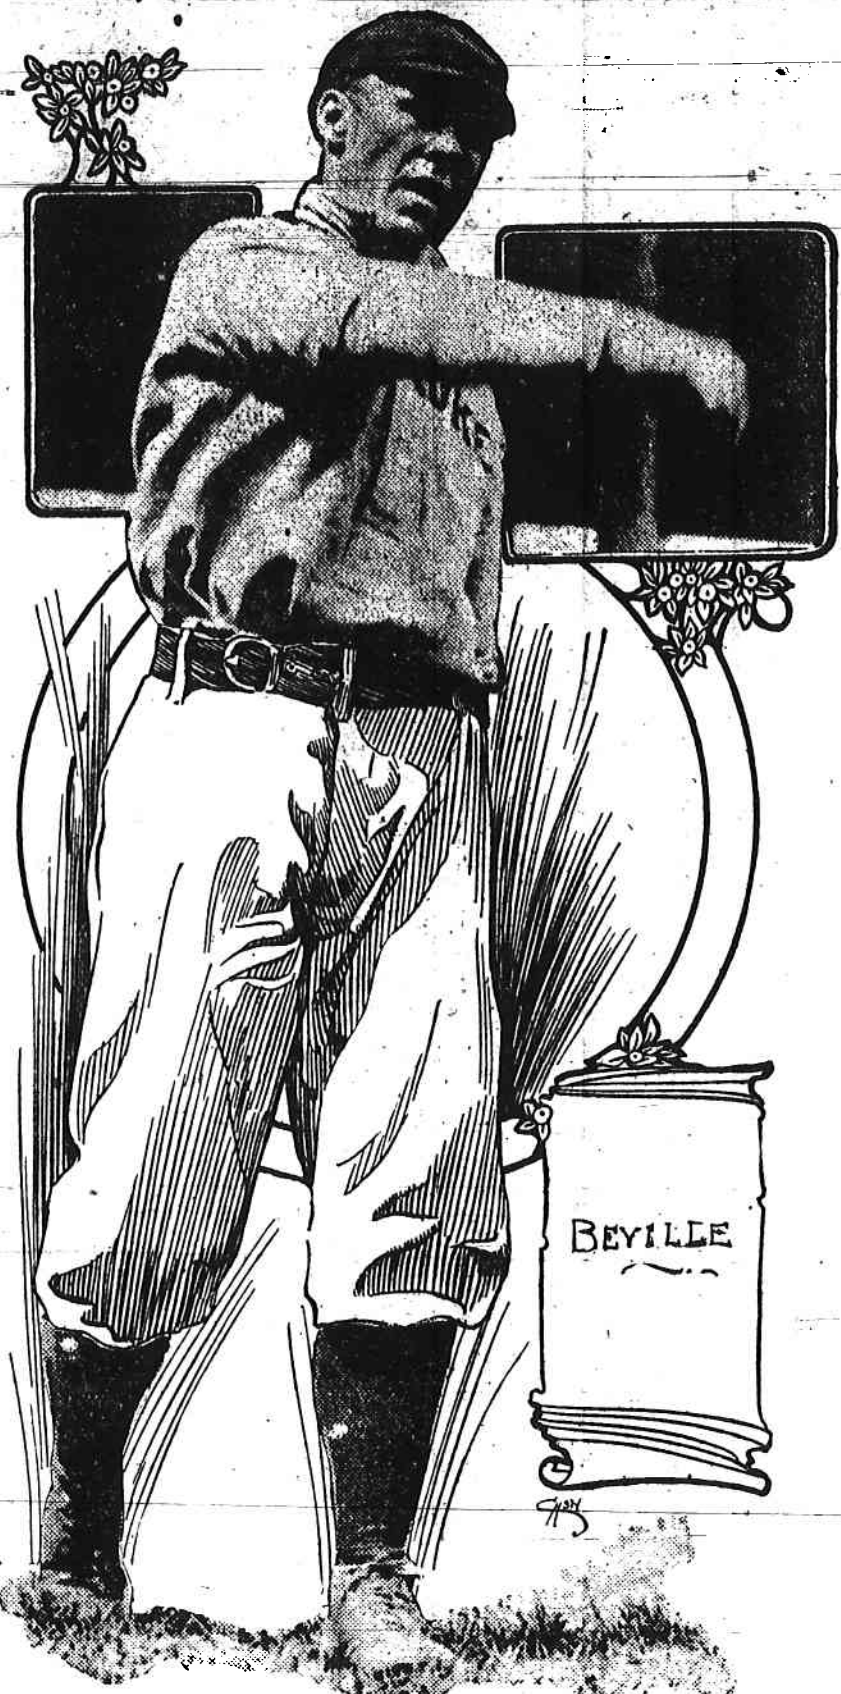

There will be prizes for the canoeists and they are now on display in the windows of the Federal Arms Company. No prizes were needed to arouse the interest of the motor boat men and many entries are already assured in the latter contests. Entries may be given to J. D. Sullivan at Broad Ripple Park until 2 o'clock Saturday afternoon.

Fisher's Eph is a six-cylinder, seventy-five-horse-power and cleaned up against the best high powered machines of the country at Ottawa Beach last summer. Some record-breaking time is expected when the fast boat takes the smooch course at the Ripple with every ounce of power on.

## SIGMA CHI ATHLETES TAKE CHAMPIONSHIP

Track Struggle at Butler

## Behind the Bat for the Brewers.

MONTE BEVILLE.

Monte Beville, formerly of the New York Americans, is not only putting up a great game behind the bat, but he is swatting the ball with a vengeance for the Brewers.
