Jockey Club's fall meeting will be inaugu-  
 rated on Monday and continue for  
 four racing days. The prospects are that  
 the meeting will be highly successful. There  
 are already many horses at the track and  
 others are on their way here from Louisville,  
 where the meeting ended today. A good  
 card of six overnight events is offered for  
 Monday and each is well filled.

# HATS OFF TO THE BUICK

## Yesterday at the Fair Grounds

MODEL F

Two Cyl'n lers, 22 H. P., \$1,150

The Buick again demonstrated  
 its superiority over all cars of its  
 class by coming in first in the  
 three-mile runabout race yester-  
 day at the Fair Grounds. Its near-  
 est competitor was a quarter of a  
 mile behind at the finish. Entries  
 in this race included the Buick,  
 the Premier, the Mitchell and the  
 Leader. The machine that won the  
 race was one of our new 1907 models taken right  
 out of stock. If you want to be right---buy a Buick.
