BALLOON CHICAGO TO REMAIN UP FIVE DAYS

THAT IS EXPECTATION OF DAY TON AERONAUTS.

CAPTAIN BUMBAUGH PILOT

DAYTON, O., June 21 -C. A. Coey's balloon, Chicago, which has figured in several netable flights, including that at Indianapolis two weeks ago, will be brought to Dayton shortly to accommodate a party of six, who plan remaining in the air for several days and nights. The balloon will be in charge of Captain G. L. Bumbaugh, who came here from Indianapolis today to complete arrangements. This balloon has a capacity of 120,00 cubic feet of gas and is expected to stay in the air five days. Provisions for that length of time will be taken by the party which includes Captain Bernard Wendler, F. C. Carley, Dr. P. M. Crume and Luzerne Custer. The remaining members of the party have not been chosen, but dianapolis two weeks ago, will be brought

navigation, and a number of balloons will be bought by members of the Dayton Aero Club. Aeroplane International: formed to commemorate the arrival home of Wilbur and Orville Wright, is also pre-paring for the first American flight of the aeroplanists, outside of Ft. Myer, on the occasion of the dedication of the new

of the party have not been chosen, but the balloonist is deluged with applica-

tions. Dayton has gone wild over nerial

Memorial building this summer.

Leo Stevens and his associates, including Ralph De Vöe, John S. McIntire, Harry Ferneding and Carroll Spring, returned from Lima, O., yesterday, having gone there from Findlay after the balloon All America, landed in that neighborhood. The balloon was brought to the city by train, and will be used in making other flights from this city.
