# BURMAN BREAKS 100 MILE AUTO RECORD

**Buick Racer Cuts Century Time  
on New Orleans Track to  
1:42:39 2-5.**

## MATHESON CAR DEMOLISHED

**Speeding at More Than Mile a  
Minute Driver Miraculously  
Escapes.**

NEW ORLEANS, La., Feb. 21.—Robert Burman in his Buick car today broke the world's record for 100 miles on a circular track in the feature event of the second day of the Mardi Gras speed carnival.

Burman made the distance after a most remarkable drive in 1:42:39 2-5, this being more than eleven minutes faster than the previous record, made by Clemens in Indianapolis in 1905.

There were six other races, all of which were for short distances.

The weather was cloudy but the track was in almost perfect condition. Fully 10,000 people were in attendance.

In the first race Jimmy Ryall, in his Matheson car, made too wide a turn at the beginning of the stretch, and, losing control of his car, it ran into the fence. The machine was demolished beyond repair. Ryall's escape was remarkable, as he was traveling faster than a mile a minute at the time.

### Burman Breaks Record.

The 100-mile race, open to stock cars, started with three entries, Burman (Buick), Robertson (Simplex) and Strang (Isotta). Robertson started off in the lead, with Burman second and Strang third. At the end of the first mile Burman had taken the lead, which he held until the end of the race, with the exception of one mile.

In the seventy-fourth mile Strang was forced to stop for the second time, his steering gear being out of order. It could not be repaired in time, so he retired permanently.

Burman's driving was the most sensational ever seen in this city. He drove hard from start to finish, cut his turns sharp, and never once during the whole race was he forced to stop for anything.

# SHOOTS TARGET TO BITS

## HYMER STAR AT GUN CLUB

**CRACK MARKSMAN MAKES PERFECT  
SCORE IN ORIGINAL QUOTA AND  
CINCHES HIGH AVERAGE  
AS WELL.**

The shooters gathered at the Indianapolis Gun Club grounds Saturday afternoon for their regular weekly club shoot, and among them there came one, Hymer, who distinguished himself by winning the day's event of the Members' Trophy contest with highly flattering scores.

He tied with Moller in the original quota of fifty targets, each of whom scored forty-five, and in the shoot-off of the tie Hymer made a perfect score, while Moller broke twenty-two out of the twenty-five targets shot at.

The scores that were made in this event were: Hymer, 45; Moller, 45; Dixon, (20) 44; Barr, 43; Brennan, (18) 43; Wise, (18) 42; Neighbors, 42; Siwel, 41; Partington, 41; Bell, (18) 40; Michaelis (18) 39; Kanouse, 34.

### Makes High Average.

This same one Hymer also took unto himself the high average of the day in practice shooting. In fact, Hymer performed better than there was any need of, and the strain he continued to put on his gun was greater than it could bear, he quit shooting only when his trusty firearm had become so disabled that he could not use it any longer. The scores were:

The world's women's record for one mile on a circular track was broken by two and one-fifth seconds in the sixth race by Mrs. Joan Cuneo, her time being 1:00 1-5. Mrs. Cuneo drove a remarkable race in this event, her daring in rounding the curves causing great excitement.

The races Monday include a five-mile free-for-all stock car, a five-mile trial for the world's woman's record, a ten-mile handicap, a five-mile for cars selling up to \$3,000 and a fifty-mile free-for-all.

## MAROON ELEVEN MAY NOT MEET PURDUE UNTIL NOV. 6

**Coach Stagg, Arranging Football Schedule, Will Place Indiana U. Team In October.**

CHICAGO, Feb. 21.—Director Stagg of the Maroons announced today he would communicate with Northwestern, Indiana and Purdue at once to complete his football schedule for 1909. Before the end of the week the complete list for next fall will be announced to the Maroon fans.

Northwestern and Indiana will probably be assigned places early in the season, while Purdue may be taken on later than usual if Stagg's plans are fulfilled. Oct. 2 is the date on which the Maroons and Boiler Makers will clash, unless the Northwestern authorities are averse to playing so early in the fall. It is likely the Indiana eleven will come to Marshall Field a week later. Two Saturdays, Oct. 23 and Nov. 6, Stagg has vacant. On Oct. 30 the Maroons journey to Minneapolis to meet the Gophers. Two weeks later they will make the trip to Ithaca for their game with Cornell. It is probable he will give Nov. 6 to Purdue, thus allowing a two weeks' rest before the trip to Minneapolis.
