Chiefs Regain Lost Ground by Winning From Muskegon

## **KELLY AND SMITH HIT** THE PILL FREQUENTLY

Cummings is Right and Holds Hamilton's Crew to Six Safeties During Game.

Muskegon, Mich., June 2.-High grade pitching with the best of support gave Fort Wayne a win over Muskegon here yesterday 4 to 1. Al Cummings working for Vandagrift's organization, held the upper hand all the way and allowed the Muskies only six scattered hits.

Cummings had all the backing in the world and the Chiefs were hitting during his rest periods. Mike Kelly and Smith each came through with three hits out of four times to bat, and the hurler himself was able to get one, this one being good for two bases. Gleich was also on the job with a double, while Siegfried turned in a pair of singles as his contribution.

The fielding on both sides was of the kind which keeps the fans' interest up. Fort Wayne went through the game errorless, handling every chance in the cleanest manner, and while the locals made four blows, they also came through with three double plays which kept the spectators on edge.

marker was made. Following the tally the side was put down in one, two, three order, and the day's work closed. This together with South Bend's loss put Fort Wayne back in sixth place again.

MISS HARRIS M., TRAINED TO TAKE PACING RECORD

THIS YEAR, WILL GO AFTER TROTTING MARK IN 1918 (By Paul Purman.)

To set a new world record for pacing mares in 1917 and to take the same racer in 1918 and make her the champion trotting mare of the world is the ambition of S. A. Fletcher, of Indianapolis, owner of

Miss Harris M. (2:01%), who will not enter the mare in the free-for-all stakes on the Grand circult this year, but will campaign her in exhibitions in an effort to break

all pacing records for mares. The present record for mares of all ages is held by Dariel and was made on the Memphis track more than a decade ago, when Alta McDonald sent her around the turns behind a windshield in 2:00%. The record for a mile in the open for mares is held jointly by Lady Maud C. and Evelyn W. in 2:00.

In converting Miss Harris M. into a trotter for the 1918 season, she will only be allowed to resume her original gait, as she was a trotter when first trained. Her pacing records will not effect her standing as a trotter and in 1918 she will go after the great trotting stakes on the Grand circuit as a green trotter.

Miss Harris M's. showing last year was sensational, and it caused a surprise in harness racing circles when she was not entered in the free-for-all class for this year's racing.

The mare set record for three heats in a race last summer when she won the Board of Commerce stake at Detrolt in 2:01%, 2:01% and 2:04%. In the first heat of this race Miss Harris M. got off rather badly and is said to have been timed sepa-

It would be a sensation in racing circles if the mare who won the rich Board of Commerce stakes in record time would come back two years mer and win the M. and M. trotting classic in the same

> There are several precedents for changing Miss Harris M.'s gait, one of the best known being The Abbe (2:04), winner of the Chamber of Commerce stakes in 1910. Four years previously as a three-year-old he had been campaigned as a trotter and took a mark of 2:10½, a remarkable record for his age at that time. A natural trotter is converted into a sidewheeler by weighting the inside of the hoof. The natural gait is restored by re-moving these weights.

> > (By "Spider" Kelly, King of Seconds.) Many times I have been asked what makes a man a good second. The only answer I can give is that to be successful at anything one must have a decided liking for his work. It was my privilege to associate with Martin Murphy, Bill Delaney and Fatsy Hogan, three of the greatest seconds in ring history. And yet, apparently, I was more anxious to act as a second than these boys. At any rate they were generally choosing their men while I was will-
