HERZOG PLAYS FIRST

BOSTON, July 27.—Three of the Rayes' outfielders, Reits, Powell and Kelly, having enlisted in the naval reserves force, George Stallings has been recompelled to rearrange his team considerably. The temporary relief embedded in the return of Walter Maranville on furlough has made the matter a simple one, as the Boston manager has posted Ed Konetchy in right and Charlle Herzog at first base in order to make room for the Rabbit in his cid place. This is the first time on record that Herzog has played first base since his entrance into the major leagues, but he seems to be holding down the initial sack in good style. When Maranville's furlough expires Herzog will go back to shortstip, Konetchy to first base and one of the pitchers will be used with Wickland and Massey in

ARCHER GETS RELEASE

(By international News Service.)

It is pointed out that Jimmy has been a careful liver, has always drawn good money and that he is in a position to take things easy from now on.

James P. Archer was born in Dublin, Ireland, May 13, 1883. He is five feet ten inches tall, weighs 180 pounds and bats and throws right handed.

SAME OLD RED SOX

BOSTON, July 27.—The Boston Red Sox, though changed greatly in personnel within the past year, are showing all the traits of the Red Sox teams which won the American league permants in 1915 and 1916 and battled the White Sox for the title last year. These Boston teams made a specialty of winning by one run and making late railies, also in taking low score games. High-class pitching made only two or three runs by Boston, enough to win. Since those days Ruth has given up pitching. Shore has sone into the navy and Leonard has guit the team, but high class pitching again prevails. Furthermore, the Sox are winning one run games by late railies. It is a dangerous club and is sure to be in the thick of the pennant chase all the way.

Jesse Willard, will meet tonight in an eight-round bout at the Federal League baseball grounds, at Harrison, N. J.

Each man has given proof of superior skill as a puglist, and a decision within a limit of eight rounds, set by the boxing law of New Jersey, is expected. If Willard should decide to retire from the ring, the winner of tonight's bout could justify claim the championship of America. Fulton, owing to his great height, reach and remarkable skill as a boxer in addition to heavy hitting, is quite generally regarded as a probable winner, yet Dempsey is by no means without his supporters.
