will have an inning at Wednesday night when bouts will be staged. Raoul de Rouen, will meet Yussif experts regarded as light in the world, next match. The Frenchman is said to be a pugilist now before the ban from Chicago of his unfair tactics. He has beaten him, but not in a match in this city is interesting and exciting, man having an ex-

windup contest Charles, who claims the world's title, will meet Stanley Australian, who recent-ly is said to have never fall and there promises when he goes on the several preliminary con-arranged with the best in the city as princ-

the Week

A stylish, horse-drawn vehicle costs as much for maintenance as a reliable auto, all things considered. It can be seen that the demand for automobiles is a natural one and not a craze or a fad. It is simply the best way a man can invest his money to get the most use and enjoyment. It is a remarkable fact that at our Tarrytown plant the output for December was the largest for any one month in the history of the concern."

Chicago Sure of Speedway.

Recent happenings have added to the interest in the speedway proposition in Chicago and the late developments make it look almost certain that this city will have at least one of the big motor ovals for racing purposes during the coming season.

Two speedways have been offered to the Chicago Automobile Club for the second running of the Cobe cup race. Neither is a club proposition, nor is the club to be financially involved. Both syndicates are made up of private individuals who see a possible harvest in the construction of a speedway there and who wish to get the Cobe cup for the purpose of adding prestige to their tracks.
