INTEREST IN COBE RACE

tion's support is virtually assured, the event is no longer in embryo form, and the question of prospective entries is already agitating the minds of those interested.

CHICAGO LOOKING TO EVENT

Although the A. A. A. has not made public the rules for the race nor the engine limitations, nevertheless the makers have assured the Chicago Automobile Club of their support, and the lists promise to be well filled. At the present time thirteen entries are in sight, with the conditions of the race still unannounced.

NATIONAL STOCK CLASSIC EVENT SCHEDULED FOR MAY 29 GIVES

PROMISE OF BEING A GREAT SUCCESS.

Hardly had President Ira D. Cobe of the Chicago Automobile Club announced his donation of a trophy for a national stock classic race when five tentative entries were made. The Knox was the first to signify its intention of competing, quickly followed by promises of two Locomobiles and a pair of Thomas "Flyers." Two Simplex cars, one a six-cylinder, were next in order, and the Buick people subsequently announced two entries. The Apperson Company contemplates a trio of

CHICAGO, March 6.—The national stock classic race for the Cobe Trophy, which will be held in Chicago May 29, continues to absorb interest here. Now that the American Automobile Association's support is virtually assured, the event is no longer in embryo form, and the question of prospective entries is already agitating the minds of those interested.

entrants, while possibly a foreign car will make up the baker's dozen. The Crown-point-Lowell course will undoubtedly be selected as the raceway.

WILL HOLD ENDURANCE RUN.

Detroit Autoists Plan a Three Days' Test Campaign.

DETROIT, Mich., March 6.—Automobilists here are talking about the four days' endurance run which will be held from April 27 to 30. The first day's run will be to Port Huron and return. The following day will be to Jackson and return; the third to Lansing and return, while the final day's racing will be to Pontiac, Rochester, Orion, Oxford, Lapeer, Flint, Fenton, Holly, Clarkston, and back to Detroit. The Fuller Hotel will be the starting point of each day's racing, and the cars will be parked thereabout during the night. Prizes will be given for the different classes.

The Most Practical Car

The Picture Shows The New Model "H"

In the World

\$1,000

IT IS EASIER to make a broad statement than it is to back it up. A Lawyer having a good case prefers to argue it before a learned jury. That's our position—the more you know about Automobiles

the better we like it; for the more readily will you grasp the superior points that characterize the Cartercar, and the more keenly will you appreciate them. No matter what Model, the Cartercar is the most practical, economical Car in the World. As for conclusive evidence of this fact we invite your critical inspection. Don't buy any particular car just because the other fellow owns one. Don't use others' brains to manufacture your ideas. Stand independent—let your own mental forces work out your results—be shown. When can we show you?
