WILL BET AGAINST OLDFIELD.

LEXINGTON, Ky., May 29.—The
Pope Toledo Automobile Company
offers to bet \$1,000 that Mulr, the
Kentucky champion, will defeat
Barney Oldfield, driving a Peerless,
at Indianapolis, Wednesday.

King Auto will reign at the Fair
grounds to-morrow afternoon. The celeb-
rities are all ready for the races, and the
modern juggernauts are tuned up to as
fine a point as the factory experts can
tune them. C. A. Coey, the daring Chi-
cago driver, and his Thomas six-cylinder
Vanderbilt cup racer will probably go to
the post in the \$1,000 race as favorite
second to Oldfield and his Green Dragon.
Coey rebuilt his car during the winter,
and the machine will have its first try-
out on a circular track to-morrow. With
its monster engine, that develops over
100 horsepower, the Tornado, as the ma-
chine is known, should prove one of the
fastest cars in the world this season.
Coey is Oldfield's most dangerous com-
petitor for championship honors, and is
a great favorite in the East.

WILL BET AGAINST OLDFIELD.

LEXINGTON, Ky., May 29.—The Pope Toledo Automobile Company offers to bet \$1,000 that Muir, the Kentucky champion, will defeat Barney Oldfield, driving a Peerless, at Indianapolis, Wednesday.

King Auto will reign at the Fair grounds to-morrow afternoon. The celebrities are all ready for the races, and the modern juggernauts are tuned up to as fine a point as the factory experts can tune them. C. A. Coey is Oldfield's most dangerous competitor for championship honors, and is a great favorite in the East.

MILWAUKEE, Wis., May 29.—O'Brien, of the A. J. Foyt team, has issued orders to report all drivers who use profane language in the field within the hearing of the spectators in the stands. O'Brien will fine all severely, and will suspend from such work. Jimmie H. Mumma, of the Kansas City club, was fined \$500 yesterday and was fined \$500.

Two Other Entries.

Paul Kaiser and his White Streak and Jerry Ellis and his Frayer-Miller are the other entries in the \$1,000 event. Kaiser is the German who classes with the cream of the foreign pilots in the big road races abroad, and Oldfield can testify that Kaiser has vast knowledge of circular track racing. Will Muir, the Lexington (Ky.) enthusiast, wired last night that he would be here to-day. Muir was arrested for speeding his machine in a race from Frankfort to Lexington against Oldfield last week, and his trial was set for to-day.

From his wire it is evident that Muir came to terms with the trial judge. Muir was the American representative in the Gordon Bennett race last summer and is coming here after Oldfield's scalp in the 100-mile race. Barney is to drive a Peerless touring car for a local owner in the long-distance race. With Jap Clemens, of Indianapolis, who holds all the long-distance records for semi-touring cars, entered with his National, there should be a record-breaking contest. Clemens is delighted that Oldfield is to drive in the race, for it has long been his ambition to measure steel—or rather gasoline—with the champion. There will be eight events on the card with the 100-mile race starting at 2 o'clock.

The following officials have been selected:

- Referee—Frank L. Moore.
- Judges—S. W. Elston, Clarence Stanley, Cecil Gibson and Commodore Zoller.
- Timers—George S. Kerns, B. F. Meixel, Lew Wainwright and Millard Sanders.
- Starter—Gus Habich.
- Clerk of course—C. R. Newby; assistant clerk, James Allison.
- Announcer—Sid Black, of the Cincinnati Automobile Club.
