wall up with the leading cars and pushed
 into third place on the eighteenth lap,
 where he stayed to the finish.

It is estimated that more than 25,000
 persons crowded both sides of the right
 side of roadway, said to be one of the
 most dangerous courses in the country.

The weather was perfect and not a
 serious accident marred the big race. E.
 D. Haynes, in an American car, struck a
 telegraph pole on the eighth lap at the
 "Halpin" curve at Sweet Briar. He and
 his mechanic were thrown out, but
 were only slightly hurt. The only other
 accident was when Malin Lelmay was ap-
 proaching the grand stand in an Arme
 car. A rear tire flew off, went up in the
 air and into the stand, striking a boy.
 The youngster was rendered unconscious,
 but received no serious hurt.

The course was cleared at 11 a. m., and
 the race was started on the stroke of 12
 o'clock. The cars were sent away at in-
 tervals of fifteen seconds. The third lap
 proved a thrilling one for the spectators.
 J. P. Betz, third, an amateur driver, in a
 Simplex, had fallen slightly behind be-
 cause of tire trouble and in order to make
 up ground let his big ninety-horse-pow-
 er machine out to the limit. He took the
 curves at hair-raising speed and shot by
 the grand stand like a hurricane. When
 his time was put up it showed that he
 had gone over the course of eight miles
 in seven minutes and fifty-four seconds,
 better than a mile a minute. His time
 for the lap proved to be the best of the
 race.

DE PALMA BADLY INJURED.

**Machine Is Smashed to Pieces Following
 Bursting of Tire in Race.**

DANBURY, Conn., Oct. 9.—As the result
 of the bursting of a tire during a race on the
 Danbury fair track Ralph de Palma was
 thrown twenty feet, narrowly missing a
 tree in his flight and landing on marshy
 ground. He sustained a fractured thigh and
 possibly internal injuries. The accident hap-
 pened during the last lap of a five-mile free-
 for-all, in which De Palma, driving a Fiat
 Cyclone; Wagner, with a Columbia, and
 Brown, with a Fiat, were entered. De Palma
 had had trouble with his machine during
 most of the race, but on the last lap he let
 his engine out until he was going at the
 rate of sixty miles an hour. He passed
 Brown and was overhauling Wagner when
 a rear tire burst, causing the machine to
 turn to one side, crash through the inclosure
 around the track and turn turtle. De Pal-
 ma's condition, while serious, is not con-
 sidered critical. The machine was smashed
 to pieces. It was the one which Cedrino was
 driving when he was killed during the Pim-
 lico races in 1907. The race was won by
 Wagner in 7:43 1/2.
