TALKS TO CLEVELAND CROWDS

Gommoner Ends Strenuous Ohio
Day After Criss-Crossing North
Part of State.

CLEVELAND, O., Oct. 30.—Heaping denunciation upon the heads of John D. Rockefeller, Andrew Carnegie, President Roosevelt and Mr. Taft because, he charged, of their connection or sympathies with the trusts, W. J. Bryan, in this city tonight, brought to a close another strenuous day of campaigning. The principal meeting was held in the big Central Armory, while a second audience was addressed at Gray's Armory. Later the candidate spoke to the street crowds from the balcony of the Hollenden Hotel.

The arrival of the nominee at the armory was heralded by a great throng outside and their cheers were taken up by those on the inside, who broke out into a frenzy of applause when he made his appearance on the platform.

Mr. Bryan apparently was at his best, his voice carrying to every corner of the building, and he spoke with a vigor and earnestness that did not betray the trying ordeal of the campaign which he has conducted.

Launching at once into the issues of the campaign he discussed the Democratic platform, laying great stress on the planks relating to the guaranteeing of deposits, publicity of campaign contributions and the trusts. The two latter topics furnished him the themes for his attacks on the financiers, the President and Mr. Taft. The Standard Oil Company and the Steel Trust, through Messrs. Rockefeller and Carnegie, were credited with furnishing the funds for the Republican campaign.

Refers to Mr. Root.

Earlier in the day Mr. Bryan gave out a statement of his views regarding the declarations of the two financiers that they would support Mr. Taft, and this statement was practically embodied in Mr. Bryan's speeches here tonight. He also emphasized the labor planks of the Denver platform and made an appeal for the laboring men to stand together and support the national Democratic ticket if they expected the remedial legislation they desired.

Not content with his strictures upon those named, Mr. Bryan had something to say about Secretary Root, who is credited with having stated that Mr. Bryan's election would be a menace to the country.

"I see Mr. Root has made an argument against the election of senators by the people," he remarked. "I am not surprised. No man in public life has more reason to fear an election at which the people vote."

"He also thinks my election would be a menace to the country. That is not surprising. He began his legal career with a defense of Boss Tweed and he has been so intimately associated with the big lawbreakers ever since that he would naturally resent the Democratic idea of enforcing the law impartially against offenders."

Begins Busy Day.

Beginning at Napoleon early today another tour of the native state of his Republican opponent Mr. Bryan hurled an avalanche of condemnation upon the heads of John D. Rockefeller and Andrew Carnegie at every point where his train stopped. The Democratic candidate had observed, by the morning papers authorized statements by the two financiers that they were supporting Mr. Taft. Of Mr. Rockefeller he said that the oil magnate was supporting Mr. Taft because Mr. Taft
