early in the game. After Himes had tripped
 to left in the second, he smashed one down
 the left foul line for a double, sending out
 first man over the man. He immediately
 stole third.

The Mud Hens come today for a series
 of four games. These games mean a whole
 lot of Toledo, and it is a sure thing that the
 visitors will put up a stiff battle. However,
 the Browns have found their gait again, and
 expect more than an even break.

READY FOR BIG AUTO RACE.

All Hope of High in French Contest Gone
 Owing to Heavy Rains.

DIEPPE, France, July 1.—The pilots have
 taken their last spins and everything is
 ready for the great Grand Prix race tomor-
 row. Rain since Saturday, however, has
 rendered the roadway slippery, and though
 it cleared this afternoon it is feared that
 the condition of the track will necessitate
 such caution in negotiating the sharp turns,
 especially the descent from the railroad
 bridge at Ancourt, where Albert Clement
 was killed May 17, that all chance of break-
 ing the world's record will be destroyed.

The betting is lively, the Fiat trio being the
 favorites at 2 to 1, with Renault 3 to 1,
 Panhas-Braier, 5 to 1, and the others strung
 out as high as 50 to 1. W. C. Christie's Amer-
 ican machine attracted the most attention,
 but is regarded as being something of a
 freak. Its wonderful speed is acknowledged,
 but the experts doubt if the constructor will
 be able to keep it under control. Elliott F.
 Shepard is considered to be the most reck-
 less of the pilots participating.

The entire automobile world seems to be
 gathering here to witness the struggle. The
 prominent Americans present include George
 J. Gould, Howard K. Burras, Ormand L.
 Johnston and Jefferson De Mont Thompson,
 chairman of the racing board of the Amer-
 ican Automobile Association. The latter
 thinks that if the United States Government
 would furnish troops as the French Govern-
 ment does to police the course a Vanderbilt
 cup race this fall would be assured.

READY FOR BIG AUTO RACE.

All signs of night in French Grand Prix
Owing to heavy rains.

BRITISH, FRENCH, ITALY — The grand prize race which has been postponed is ready for the grand Grand Prix race tomorrow. The race which has been postponed has postponed the race over slightly and through it showed that afternoon it is feared that the conditions of the track will necessitate such action in negotiating the sharp turns, especially the descent from the railroad bridge at Amboise, where Albert Divo was killed May 14, that all chances of breaking the world's record will be lost.

The betting is lively, the Fiat trio being the favorites at 2 to 1, with Renault 3 to 1, Panhard-Brauer, 5 to 1, and the others strung out as high as 50 to 1. W. C. Christie's American machine attracted the most attention, but is regarded as being something of a freak.
