IN BRUSH WITH DEPALMA

Two Kings Try Out Brick Track
and Prepare for 500-Mile
Free-for-All.

Equipped with tires which seem to be giving satisfaction, the two Peugeot cars, with Goux and Zucarrelli at the wheels, gave a demonstration of what they can do at the Speedway yesterday. Lap after lap was reeled off in 1:41, while on the straightaways the blue cars acquired a speed of 115 miles an hour. Goux gave an exhibition of driving as sensational as ever seen at the Speedway, taking the banks so high that his wheels almost touched the wall.

Goux holds the record for having taken the banks at Brooklands higher than any other driver has ever taken them, and it would seem that he aspires to hold the same record on the local track.

An exciting incident of the day was a brush between Goux in his Peugeot and DePalma, driving his yellow Mercer. Neck and neck the two cars whirled down the stretch. At the first turn DePalma took the inside, while Goux rode the bank. DePalma's car nosed ahead and a cheer went up from the Mercer camp. Then Goux opened his throttle another notch and the blue Peugeot shot ahead with a speed which set the tall birds wild. The
