**HOWER TROPHY.**

The Hower trophy this year marks a departure, and one which is being generally commended. Instead of being a cup the trophy is a handsome silver shield with convex surface that stands in relief against a rosewood board. The shield is a heavy one, of pure silver, handsomely

chased and engraved, with a runabout containing two men shown in the lower part against a background of fields, while on the upper part is the inscription: "1908 Hower Trophy for Runabouts, Fifth Annual Reliability Touring Contest of the American Automobile Association, Buffalo--Boston--Saratoga. Presented by Frank B. Hower."

the Northern and Wayne plants, with W. E. Metzger as sales manager.

"The Cadillac Company continues to find an excellent market for its single-cylinder car that has supplied such ex-

me where 803 Reos had been shipped in April. Mr. Peer remarked that there seemed no end to the orders being turned in by R. M. Owen, sales manager. They will make more than 4,000 cars in 1908.
