# RACE DRIVERS APPLY FOR TRAINING QUARTERS

SPEEDWAY OFFICIALS RECEIVE  
 EVIDENCE OF INTEREST.

## TWO GARAGES NOW COMPLETE

[By Carburator.]

With a granting of sanction for the au-  
 tomobile races to take place over the  
 now famous Indianapolis motor speed-  
 way, the greatest race course in the  
 world, the interest of the manufacturers  
 and drivers is being evidenced. (Applica-  
 tions for training quarters are being re-  
 ceived by the various teams, while the  
 speedway management has made ample  
 preparation to accommodate them all.

Two of the large garages are now com-  
 pleted. These will accommodate twelve  
 cars each, while ten of the small garages  
 that will accommodate three cars each  
 are now ready to be occupied.

"As soon as these garages are filled,"  
 said E. A. Moross, director of contests,  
 "we will add others so that every team  
 wishing space will be carefully provided  
 for."

The speedway possesses the most per-  
 fect accommodations. The grandstands  
 will seat over 25,000, while the grounds will  
 accommodate 200,000. Fifteen thousand  
 automobiles can park on the grounds,  
 while there are ten thousand hitching  
 rings for carriages inside the grounds.  
 These accommodations, with a restaurant  
 on the grounds and eating quarters in  
 each of the

...ing space will be carefully provided for.

The speedway possesses the most per-  
fect accommodations. The grandstands  
will seat over 25,000, while the grounds will  
accommodate 200,000. Fifteen thousand  
automobiles can park on the grounds,  
while there are ten thousand hitching  
rings for carriages inside the grounds.  
These accommodations, with a restaurant  
on the grounds and eating quarters in  
each of the grandstands, insure the pub-  
lic the best of everything, while schedules  
of the prices at which things can be pur-  
chased will be posted conspicuously as  
well as advertised in the programs.

The grounds are divided, so that there  
are separate gates for those desiring to  
enter at the 50-cent admission and also  
those desiring to use the dollar admission,  
which is the part of the grounds right at  
the tape and finish of the race.

### Willys in Europe.

John H. Willys, president of the Over-  
land Automobile Company and Marion  
Motorcar Company, of Indianapolis, last  
week sailed on the Graf Waldersee, of  
the Hamburg-American line, for a two-  
months' tour of the continent and ex-  
pected to land at Plymouth today. Mr.  
Willys will visit the principal points of  
England, France, Germany, Switzerland,  
Belgium and Italy. He will visit the  
leading automobile factories of Europe  
and study European automobile condi-  
tions in general. Mr. Willys is accom-  
panied by his wife and will return to  
his country about September 1.

### Columbus Races Attract.

Eyes of the motor world were turned  
toward Columbus today where Barney  
Oldfield, in his National Old Glory, and  
Strang and Chevrolet, of the Buick team,  
were the big features of a racing card  
arranged for the afternoon. This famous  
trio of drivers was scheduled to meet in  
competition and to drive against time  
and track records were expected to fall.  
Strang and Chevrolet have with them  
the same cars they used at Crown Point.  
The Columbus program will be repeated  
tomorrow.

### Shawmut Makes Appeal.
