Four additional entries have been officially made, including Ralph De Palma, with his big Fiat, and three additional Marions, of Indianapolis. The total number of entries now is sixty-one. Walter Christie, who will drive his Christie, arrived last night. The Buick drivers and mechanics, thirty in all, with fifteen cars, will arrive Monday. Entries for the road races on September 6 and 8 closed today. Among the number are four Chalmers-Detroits, four Stoddard-Daytons, two Benzes and five Knoxes.

The prediction of the racing board that the meet at Lowell would attract an unusually large number of entries has been realized. The motorcycle events, which will be under the management of the American Federation of Motorcyclists, will be run off on Friday, September 10, and the motor boat races, with the national Marathon run, will take place on Thursday, the 9th.

The Motor Company, Philadelphia, distributors for Premier cars, have arranged for a private run for their patrons, to take place on Saturday, September 1 and Sunday, September 12. Only owners of Premier cars are eligible, and more than thirty-seven have already accepted the invitation of the company. The run will be to Cape May and return.

The run will be in the nature of a reliability contest, for the winner of which, H. O. Smith, president of the Premier company, has offered a beautiful solid silver punch bowl, with a capacity of two gallons. Mr. Smith will be on the run, in company with Allen Sheldon, president of the Motor Company.
