PATH IN DUAL GAMES
SATURDAY.**

The quarter of a million dollar motor speedway is being pushed by leaps and bounds toward completion. A party of interested motorists, including F. I. Willis, Carl Fisher and A. C. Newby, visited the Hoosier race site yesterday afternoon and report that the improvements have taken on stupendous proportions.

BLOOMINGTON, Ind., May 12.—
thing is in readiness now for the dual track meet between Indiana city and Purdue, to be held on Field, Saturday afternoon. Coach son of Purdue and Barclay of have satisfactorily made all agree as to the order of events and agree

The large curves on the five-mile race course have been banked twelve feet high by the wonder-working steam shovels and the grand stands are rising under the swift work of an army of carpenters. The drainage system and the construction of two concrete bridges are yet to receive attention.

the officials. Purdue mailed its en yesterday. The following are the testants:

The restaurant, Aero Club house, balloon storehouse, superintendent's home, officers' quarters, several private garages with the press and judges' stands are all completed. The five miles of high board fence are being treated to a coating of white paint spread by means of a large spray.

120-Yard Hurdle—Richards, Gardner; Johnson, Paddock (Indiana).

100-Yard Dash—Hench, Hoffman, Bridge, Kissel, Gardner (Purdue); Paddock, Wolverton, Driver (Indiana).
