

WILL CARRY BOOSTERS ON TRIP

Association Workers to
Chines in Bringing Fa-
to Indianapolis.

FREE-DAY EXCURSION

Map Out Routes Which
Include Many Smaller
Indiana Cities.

Hibben, who has charge of
the route for the Indianapolis
Association boosting excur-
sion, June 1 and 2, announced
the organization had accepted
Will H. Brown, vice presi-
dent of the Overland Automobile Com-
pany, has tendered the services of
the "boosters."

Debyns, secretary of the as-
sociation, announced to the members that
he is willing to send several new
cars to his factory with expert driv-
ers to the main cities the boosters
will have them entirely at the
disposal of the association members.
The evenings on the trip the
men will entertain the merchants
and visited with rides in the ma-
jority of the association members
expressed the desire to ride in the
part of the way just for the
thrill and a chance to see the
country on the roads.

Good Roads Campaign.
A campaign, launched by the newly
formed Indianapolis Automobile and
Touring Association, in favor of better roads and
of all roads with sign posts,
has a renewed interest in the
some of these men will take
to study the road conditions
on the journey.

Completed route, with time sched-
ule, has been finished by Mr. Hibben,
last night that it is his under-
standing that the automobiles will not
leave the little village, but will forge

SPEEDWAY GUARD LARGER

POLICING OF COURSE PLANNED

INDIANA NATIONAL GUARDSMEN WILL
PROTECT CROWDS AT AUTO TRACK
FROM ACCIDENTS AND HAVE
POLICE POWERS.

Indianapolis Motor Speedway officials
are making preparations for special guard
and police service at the track for the
event to be held there during the sea-
son of 1910. The force used last year
has been increased for the coming meet-
ings and Capt. William C. Carpenter of
Company A of Indiana national guard
again will be in command.

The men will be selected from the local
national guards, and will have full police
powers, being known as the Indianapolis
Motor Speedway Guards. E. A. Moross,
director of contests for the Motor Speed-
way, has had special badges made which
will bear the crest of the Speedway and
the wording, "Speedway Guards." Each
guard will be supplied with a numbered
badge, and will perform his work with full
military equipment. Special touring cars
will be at the disposal of the troops to
move the men at a minute's notice to any
section of the grounds which may become
a danger zone in case of accident.

Divide Course Into Sections.

The Speedway is to be divided into sec-
tions and policed so that spectators will
not be permitted to leave the roped divi-
sions under any conditions unless sup-
plied with a military pass, which, in ad-
dition to being signed by the manage-
ment, must bear the signature of the of-
ficer in command.

The manner in which the work was per-
formed last year when there was an ac-
cident on the course was commended by
many auto trade papers. The arrangement
of badges will be somewhat different so
as to assist as much as possible in hand-
ling the large crowds expected this year.
Capt. Carpenter has advised the Speed-
way management he can use twenty men
in addition to his present force for the
Speedway. He desires only able-bodied
young men who wish to enlist for this
particular service. He may be found at
the Armory, Thirteenth street and Ash-
land avenue, today, where he will consider
applications and have examinations made.
Capt. Carpenter also may be reached dur-
ing the day over New phone 6845 and in
the evening over North 4674.

STARTS COTTON POOL PROBE.
