MICHELIN TIRES ALSO SCORE.

Those on Harroun's Car in 200-Mile Race Fail to Show Slightest Wear.

Michelin tires were much in evidence yesterday. Every victorious car, with one exception, were equipped with the French pneumatics. Every winner on Friday's program used the Michelin tires exclusively. The French concern, which has a big factory at Milltown, N. J., to supply the American trade, has gained a remarkable racing reputation, both on account of the efficiency of the service and the convenience of the demountable rim.

Sales Manager Libby of the American Michelin factory declared last night that the performance of Harroun in the Marmon was simply without equal Close inspection of the four tires immediately at the close of the 200 mile race failed to reveal the slightest wear The tires appeared to be practical. ly as good as new

The Michelin Company has staged unique exhibition in the windows of the Buick Motor Company the last few days. Two heroic figures of rubber known as the "Bibendum Twins" were inflated and made to do stunts. The word "Bibendum" used to do stunts. so extensively by the Michelin Company in France comes from the Latin "bibendo," meaning to drink, signifying the quality of Michelins, which permitted them to drink and eat nails, glass, etc., without injury.
