THE NESTS

FISH AND GAME
ASSOCIATION ESTI-
N'S HATCH
000.

Several weeks late this
backward season and
the rains have kept
the water in a muddy condi-
tion. The pirates have done
nothing to the line thus far. The
floods have destroyed many nests
this season really opens
the season in the smaller
streams. The hatchery is
the bass came off the
streams.

Overall in the open
season have not affected the
Marion County Fish and
Game Association in its hatch-
ery.

streams.

Successful.

The association estab-
lished an experiment in
this year show that
successful.

originally to make
the ponds for the smaller fry
and to nourish them. They
attained their purpose. The
experiment was a failure
determined to make
the ponds only. Results have
shown that the experiment
has been successful. The
ponds were rebuilt and
the brooding pond was
rebuilt and the hatch-
ery much larger, ad-
vanced. Next year it is
planned to have a larger pond
and a larger pond
for the brooding pond and in
the association will take
the large-mouth bass.

the association will visit the
ponds to decide upon con-

Facts About First Race at Crownpoint

The fastest lap was made by Burman
in Buick No. 2. Time, 23:41.

The fastest mile was made by Strang
in Buick No. 14, at 76.01 miles an hour.

Marion No. 6 was the only car that
did not stop for some repair or re-
inforcement of supplies. This Indian-
apolis-made machine and the only
Hoosier car in the race, was the sur-
prise of the day. It took the lead in
laps at the sixth and retained it to the
end. It finished first in the race ac-
cording to laps. Monsen drove the most
consistent race, not varying twenty
seconds in any lap.

The race started at 9 o'clock a. m.,
one hour later than scheduled time, and
ended with winner at 1:50 p. m.

The average rate of speed was fifty-
one miles an hour. This is short of
Vanderbilt course time, which was fifty-
two.

Monsen was strictly an amateur
driver, competing against famous pro-
fessionals.

The slowest lap was made by the Fal-
con car No. 15.

It was the first meet ever held in any
country where six cars finished without
accident of any kind.

Renault and Ford did not enter the
race.

Chevrolet drove Buick No. 8 instead
of Dewitt.

Matson Wins First Indiana Auto Race
