**K**EEP your eyes on the skies—the ho-cumets are among us! Indianapolis is now to forget Valley's and turn its gaze on man-made comets that are to flit across the western sky next week. Airships of practically every approved design are to be participants in the aviation contests to take place at the Indianapolis motor speedway between Monday and Saturday. The events will be under the sanction of Orville and Wilbur Wright, thus making this the first licensed meet in America under their patents.

The Indianapolis aviation meet will attract thousands of visitors to the city, as the man-bird race is the world's newest sport, and all humankind enjoys a new

...of the Manual track team. He has been practicing with the Manual track team for the last two years and by hard work and steady training he made the team this year and represented the school at the state track meet, where he won third place in the half-mile run. The record for the half-mile run is 2:07 and at the state meet this year Bissell ran the distance in 2:08, a second slower than the record. Next year he is going after the record. He has not yet reached his best in running, as he gets better every time he runs.

...al attendance—784. Time—1:45.  
**New Bicycle Records.**  
 SALT LAKE CITY, June 11.—Two world's records were broken last night during the bicycle races at Salt palace. F. E. Whittier, on a motorcycle, went two miles against time in 2:01 1-5. The former record for an eight-lap track was 2:15. Jackie Clark went one-sixth of a mile, unpaced, in :15 4-5. The former record was sixteen seconds flat, made by Kramer.

## WIND WAGON TO RACE AEROPLANE

CARL BAUMHOFER, IN WIND WAGON.

Races between an Overland wind wagon, guided by Carl Baumhofer and driven by a propeller in the rear, will be extra features at the Indianapolis motor speedway aviation meet next week.
