Represented at Large and En- thusiastic Meeting.

The largest and most enthusiastic meet-
ing of automobile men yet held in con-
nection with the auto show week took
place at the Indiana Automobile Club
rooms at the Denton Hotel last evening.
Upward of fifty were present, and every
local firm of automobile dealers and every
factory was represented, as well as many
manufacturers of accessories.

Among those present were R. L. Eades,
sales manager of the Premier Motor Car
Company, who has just returned from an
extended trip, and J. N. Willys, who has
recently reorganized the Overland Auto-
mobile Company and is now president of
that company.

The hill-climb committee reported that
permission had been obtained from the
county commissioners to hold the event
on Michigan Hill, and the date was final-
ly determined upon Tuesday, March 24,
at 11 a. m.

Clever Device Submitted.

John C. Trumper submitted a very
clever device for the timing of the con-
testants. The car as it stands breaks a
thread, which starts a stop watch, which
is electrically stopped by the breaking of
another thread at the finishing point.
Trumper gave a demonstration of his in-
vention, in which he was assisted by his
brother.

The meeting recommended the instal-
lation of one of these machines for the
hill climb, but referred it back to the
committee in charge for final discussion.

The obstacle race committee reported
that permission had practically been ob-
tained to hold the contests on Capitol
avenue, between Vermont and Michigan
streets, on Friday, March 27, from 10
a. m. to 12 noon.

Divided Into Two Classes.

Two contests were decided upon, each
to be divided into two classes, one for
runabouts and one for tourists.

The first is to be an egg-cracking con-
test, the rules of which will be announced
later, and the second a slow speed race
on high gear, all cars to be eligible and
four or five cars to run at the same time.

This latter event will afford a vast
amount of entertainment.

The prizes for the five hill climbing
events are to be silver loving cups, and it
was announced that these had been do-
nated by the following:

- J. T. Healey, on behalf of H. T.
Healey Vehicle Company, Ellettsville,
on behalf of Indiana Auto Company, El-
lettsville,
H. L. Levy, on behalf of Buick-Lesley Com-

on behalf of Fisher Auto Company, El-
lettsville,
N. Willys, on behalf of Overland Auto
Company, also offered a cup as conso-
lation prize.

The parade committee reported that
the route agreeable to the police depart-
ment had been decided upon and that the
parade would be held on Monday, March 23,
at 2 p. m.

To Abandon Banquet.

After considerable discussion it was
determined to abandon the formal banquet
arranged for the closing night of the
week, Saturday, March 28, and to in-
stitute a free and easy supper, to be
followed by a smoking concert.

Many of the local dealers have sent
the last week out in the state, and
reported that quite an unexpected enthu-
siasm was being displayed by the out-
town automobile men.

Extensive advertising of the show
week was determined upon last evening
and it is believed that large numbers
of automobile enthusiasts will be attrac-
ted to the city. Another meeting will be held
next Tuesday.

COOK TO CAPTAIN INDIAN

BLOOMINGTON, Ind., March 3.—Edmu-

declared ineligible, but the members of the

brighter. Capt. Cook will be at his old po-
sition of forward. "Cotton" Berndt, the star
