BOOKWALTER,
Mayor.

HUSBAND RUNS

PRICE TWO CENTS.

BOOKWALTER GOES: SHANK COMES IN

New Mayor Will Be Inaugurated in
Warm Corner of City Hall at
Noon Today.

CEREMONY TO BE SIMPLE

Crate Bowen Will Continue, for
Time Being, as City Attorney
Under J. B. Kealing.

What Will Be Done, and When, and Where

"I am confident that I shall give the people of Indianapolis as satisfactory an administration as they have ever had."—Mayor-Elect Shank on eve of inauguration.

THE INAUGURATION.

Time—12 o'clock (noon).

Place—New City Hall Building.

Address by Mayor Bookwalter.

Oath of office.

Address by Mayor Shank.

Refreshments.

FIRST BUSINESS.

12:30 p. m.—Mayor Shank receives keys of office from Mr. Bookwalter.

12:45 p. m.—Mayor Shank makes formal appointments of new officials and boards.

2:00 p. m.—First meeting of new Board of Public Safety.

2:00 p. m.—First meeting of new Board of Public Works.

HUSBAND RUNS "OTHER WOMAN"

**B. WOOD MEETS SPOUSE
WITH MRS. DAISY ROB-
AND DEMANDS THAT HE
MAKE CHOICE.**

Eight throngs at Illinois and
its stopped for more than a
ment about 9 o'clock when
B. Wood of Cincinnati, an
tired young woman, con-
usband and Mrs. Daisy Rob-
tinger, of Indianapolis. The
Mrs. Wood had not been a
evening's schedule, as any
re of witnesses would testi-
ood planted herself full in
two. Her first words told
ry:

"Here we are, she and I.
en us—choose now."
u was impressive. Mrs.

and boards.

1:00 p. m.—First meeting of new
Board of Public Safety.

2:00 p. m.—First meeting of new
Board of Public Works.

* Samuel Lewis Shank at noon today
will succeed Charles A. Bookwalter as
mayor of Indianapolis. The inauguration
will take place in the new City Hall build-
ing, Alabama and Ohio streets, at 12
o'clock and immediately afterward Mayor
Bookwalter will formally turn over his
office in the Majestic Building to the new
mayor. The inauguration ceremony will
be brief.

Mr. Shank will go to the office of Mayor
Bookwalter at 11:45 o'clock this morning
and from there he and Mayor Bookwalter
will go together to the new City Hall
Building. Mayor Bookwalter will make a
short speech, followed by a talk by Mr.
Shank. The mayor-elect will then take the
oath of office. Mr. Shank has provided
several barrels of apples and a large
quantity of cigars for distribution at the
inaugural ceremonies. The installation will
take place in what will be the office of
the city controller in the new structure,
and although the building is not yet un-
der cover, the room will be warmed and
decorated simply.

When Mayor Bookwalter has turned
over his office to his successor Mr. Shank
will formally appoint the members of his
boards and other officers, the naming of
whom falls within his right. The Board
of Public Safety will meet at 2 o'clock
this afternoon and will appoint Martin
Hyland chief of police, Charles E. Coots
fire chief, and Carl Shank market master.
It is not known whether the Board of
Safety will announce appointments to sub-
ordinate offices today. It is expected that
the Board of Public Works will also hold
a session this afternoon if Charles L.
Hutchinson, one of the members of the
board, will have returned to the city. The
extent of the appointments, if any be
made, will include only the clerks and
other employees in the board's office. It is
understood that the present force will be
retained.

Confident of Future.

On the eve of his inauguration Mr.
Shank expressed confidence in the out-
come of his administration.

"I am confident," he said, "that I shall
give the people of Indianapolis as satis-
factory an administration as they have
ever had."

n' to catch that," he said firmly he held Mrs. Wood e' "other woman." other employees in the board's office. It is understood that the present force will be retained.

Confident of Future.

On the eve of his inauguration Mr. Shank expressed confidence in the outcome of his administration.

"I am confident," he said, "that I shall give the people of Indianapolis as satisfactory an administration as they have ever had."

Mr. Shank spent the evening quietly at home with a few close friends. He said he was glad to get an opportunity to rest after the last few busy weeks and before he took up his duties as the city's executive. The mayor-elect expects to enforce rigid rules for the reception of visitors at his office. He will be "in" officially every morning from 10 o'clock until 12 o'clock, and every afternoon from 2 o'clock until 4 o'clock, and only during these hours will receive visitors.

"Receiving visitors," the mayor said last night, "is only a small part of the duties, and in order to have time for the remainder of the work I am going to make it a rule to receive callers only during these hours."

It became known yesterday that Crate D. Bowen, the present city attorney, will be retained for a time in the office of the corporation counsel. In view of the fact that the office at present is in the midst of numerous important litigations this is believed better policy than changing the personnel of the office entirely. Regarding Mr. Bowen's successor no definite statement could be obtained yesterday. Whether the influence Martin N. Hugg is said to be bringing to bear on Joseph B. Kealing in favor of Merle N. A. Walker for this position will be successful will probably not be known immediately in view of Mr. Bowen's temporary retention. The only other attorney mentioned in connection with the place is Thomas A. Dally.

Mr. Kealing expects to make known today his appointee for deputy in the Police Court. The new corporation counsel said yesterday that he had not decided on the deputy, but that he would make the announcement today.

Changes Will Come Slowly.

From present indications changes in the departments under the various boards will come slowly and there is reason to believe that few appointments will be made soon other than those which have already become known as intended. There will be no immediate changes in the department of public works, it is understood. While the general personnel of the departments under this board will not be affected, it is probable that Eugene F. Harris, chief of the assessment bureau, will be replaced within a short time. William H. Peirce, chief clerk in the office of the city civil engineer, is understood to be on the retirement list, as is also S. R. Murray, superintendent of the city asphalt plant. It is understood that Joseph L. Hogue, superintendent of streets, and Charles R. Gift, superintendent of the street cleaning department

AFTER FAILURE DELIVER HIS ORATION

Age Could Not Remember
New Year's Celebration
Committee Said.

W.N. Ky., Jan. 2.—Because
of the advanced part of his ad-
vanced age, Judge John C. Wells
was unable to deliver his oration
through the throat.
Was one of the orators at
the celebration. When he began
his oration the committee
after several attempts to
assist him the oration
of the building in which
the oration was being
delivered. The oration of the judge
was then the judge's oration.

personnel of the office entirely. Re-
garding Mr. Bowen's successor no defi-
nite statement could be obtained yester-
day. Whether the influence Martin N.
Hugg is said to be bringing to bear on
Joseph B. Kealing in favor of Merle N.
A. Walker for this position will be suc-
cessful will probably not be known im-
mediately in view of Mr. Bowen's tem-
porary retention. The only other attor-
ney mentioned in connection with the
place is Thomas A. Dally.

Mr. Kealing expects to make known to-
day his appointee for deputy in the Po-
lice Court. The new corporation counsel
said yesterday that he had not decided
on the deputy, but that he would make
the announcement today.

Changes Will Come Slowly.

From present indications changes in
the departments under the various boards
will come slowly and there is reason to
believe that few appointments will be
made soon other than those which have
already become known as intended.
There will be no immediate changes in
the department of public works, it is
understood. While the general personnel
of the departments under this board will
not be affected, it is probable that Eu-
gene F. Harris, chief of the assessment
bureau, will be replaced within a short
time. William H. Peirce, chief clerk in
the office of the city civil engineer, is
understood to be on the retirement list,
as is also S. R. Murray, superintendent of
the city asphalt plant. It is understood
that Joseph L. Hogue, superintendent of
streets, and Charles R. Gift, superintendent
of the street cleaning department,
are safe for the present, at least.

From information received yesterday it
is believed that John B. Wood will not
retain the clerkship of the Board of
Public Safety, although nothing definite
could be obtained as to his successor or
regarding the date of the change. There
is no probability that Thomas A. Winter-
rowd will be replaced as building in-
spector or Jacob P. Brown as smoke in-
spector.

It is expected that the Board of Safety
may also settle this afternoon the un-
certainty regarding the successor of
Paul H. Hodge. Dr. Moses Thorne
and Dr. John M. Cunningham are the
probable candidates between whom this appoint-
ment lies, although there was no definite
information available yesterday as to
which of these men will be appointed.
There is little doubt that W. B. Clegg
will be named superintendent by the board.

Howard Kendall, the new city com-
missioner, expects to make an address in
the office of the present clerk, which will
provide a lunch for about 250 persons.
Kendall expects to deliver his address
on the 10th of the month. It is under-
stood that Kendall is a member of the
board of directors of the city and
will be a member of the board of directors.

was one of the orators at celebration. When he arose a audience his memory after several attempts to ruptly left the room. of the building in which chambers were located, the corpse of the jurist to clean the judge's office.

During Mr. Brown's absence, the office management should be continued on a day-to-day basis. The National Service Council is not to be tempted to take on more of the planning in order to avoid the. A motion for this motion will be supported with confidence and we have no intention to stop at Mr. Brown's personal absence. The only action after we mentioned to committee with the plan to Charles A. Smith.

Q. Having difficulty to make money on the telephone for people is the first thing I see. This was completely common and common when the first was created by the people, but that is what makes the telephone work.

Chengye Wu, Xinyi Gao, Shihong Wu

From ground indications changes in the department under the various heads will come slowly and there is reason to believe that the new organization will be made soon after the close of the present year. There will be no immediate change in the department of public works. It is understood that the present personnel of the department under this head will not be affected. It is probable that Eugene F. Harbo, chief of the department, will be retained until a short time. William H. Petros, chief clerk in the office of the city civil engineer, is understood to be on the retirement list, as is also H. R. Murray, superintendent of the city asphalt plant. It is understood that Joseph L. Hogue, superintendent of streets, and Charles R. Gift, superintendent of the street cleaning department, are safe for the present, at least.

From information received yesterday it is believed that John B. Wood will not retain the clerkship of the Board of Public Safety, although nothing definite could be obtained as to his successor or regarding the date of the change. There is no probability that Thomas A. Winterrowd will be replaced as building inspector or Jacob P. Brown as smoke inspector.

It is expected that the Board of Safety may also settle this afternoon the uncertainty—regarding the successor of Police Surgeon Hodgins. Dr. Moses Thorner and Dr. John M. Cunningham are the physicians between whom this appointment lies, although there was no definite information available yesterday as to which of these men will be appointed. There is little doubt but that W. B. Craig will be named veterinarian by the board.

Howard Kimball, the new city controller, expects to make no changes in his office at the present time, which will provide a berth for Alfred E. Cook, the present deputy. Isidor Wulfson will be retained for a time at least, it is understood, as inspector of weights and measures. A temporary appointment of Walter

LESS THAN \$8,000,000 SPENT BY VARIOUS HEALTH BOARDS IN UNITED STATES DURING LAST YEAR'S CAMPAIGN.

NEW YORK, Jan. 2.—Based on reports received from all parts of the United States, the National Association for the Study and Prevention of Tuberculosis is-a bulletin today in which it is stated \$8,180,621.50 was expended during the just closed by the various interests fighting consumption in the United States. By far the largest amount of money expended during the last year was for the treatment of tuberculosis patients in sanatoriums and hospitals, \$5,292,289.77 being expended in this way. The anti-tuberculosis associations spent \$975,889.56, tuberculosis dispensaries and clinics \$474.64, and the various municipalities, special tuberculosis work, spent \$1,111,333. The anti-tuberculosis associations distributed the most literature, spreading and wide 8,400,000 copies of circulars, pamphlets and other printed matter for the purpose of educating the public about tuberculosis. The health departments of the different states distributed more than 1,056,000 pamphlets, which, with the work done by the health departments of health, brings the number of pieces distributed during the year well over 10,000,000. The largest number of patients treated during the year was by the dispensaries, 61,586 patients were given free treatment and advice. The sanatoriums and hospitals treated 38,758 patients, the anti-tuberculosis associations as-16,968.

More Expected This Year.

New York state leads in the anti-tuberculosis work done during the last year, having spent more money, distributed more literature and treated more patients than any other state. Pennsylvania comes next and Massachusetts is third. The next seven states are Illinois, Maryland, New Jersey, California, Colorado, Connecticut and Ohio. The following table shows the work done in these states:

CONCLUDED FROM PAGE ONE.

Jenkins as dog pound keeper has been made. Mr. Jenkins succeeds Carl Koch, who died last week.

There is said to be no intention of changes in either the Department of Public Health and Charities or the Department of Public Parks. Mayor-elect Shank had a conference recently with Charles E. Coffin, a member of the Park Board whose term expires next month, and offered a reappointment to Mr. Coffin, who accepted. The departments under the Board of Health will be unchanged, according to present intentions.

Mayor-elect Shank has named all the appointees made directly by the mayor and will not interfere or dictate in the appointments to be made by the boards, according to a statement from him last night. Further than offering suggestions when they are asked from him, Mr. Shank says he will leave the boards supreme in this regard. This will apply to the police and fire departments as well as to the other departments, and Martin Hyland and Charles E. Coots, the chiefs of these departments, will have all the responsibility in the selection of their assistants.

SAYS GOOD-BY TO KEY.

E. A. Ramsay Sends Last Telegraph Message of Long Service.

Edward A. Ramsay, who at noon today will become city clerk of Indianapolis, severed his connection with the Western Union Telegraph Company shortly after 5 o'clock last evening. At the Denison Hotel, where he has handled the key for eight years, Mr. Ramsay sent a message to Salt Lake City for a guest and after the transaction was closed he left his desk with the remark that it might be the last time he would handle a key as an official representative of a telegraph company. He has been an operator for twenty-five years.

One of the duties of the new city clerk will be the institution of a plan for a more prompt collection of fines. Under a system that has been in vogue for a number of years a prisoner who has been assessed for any violation of the law can stay the payment for sixty or ninety days provided he can give suitable surety that the fine will be paid at a specified time.

Under the provisions of the new accounting law, which is now in force, a stayed fine becomes a debt due the city treasury at a given time and there is no
