2:00 p. m.—First meeting of new Board of Public Works.

# HUSBAND RUNS "OTHER WOMAN"

## B. WOOD MEETS SPOUSE WITH MRS. DAISY ROBERTS AND DEMANDS THAT HE MAKE CHOICE.

Light throngs at Illinois and  
its stopped for more than a  
moment about 9 o'clock when  
B. Wood of Cincinnati, an  
atired young woman, con-  
sultant and Mrs. Daisy Rob-  
ttinger, of Indianapolis. The  
Mrs. Wood had not been a  
evening's schedule, as any  
re of witnesses would testi-  
ood planted herself full in  
two. Her first words told  
ry:

"Here we are, she and I  
en us—choose now."  
u was impressive. Mrs.  
back as the import of the  
ed her. Wood, too, was  
seemed about to speak—to  
he didn't. He turned and

## Life Strikes Rival.

happened immediately after  
to the impulse to put dis-  
n him and the woman in the  
is is not established by ac-  
tall. The one thing every-  
ver, was the swinging  
with which Mrs. Wood  
val for her husband's affec-  
a one-sided affair until Pa-  
rty reached the place. The  
lack eye that Mrs. Roberts  
memento for several days.

mal appointments of new officials  
and boards.

1:00 p. m.—First meeting of new  
Board of Public Safety.

2:00 p. m.—First meeting of new  
Board of Public Works.

Samuel Lewis Shank at noon today  
will succeed Charles A. Bookwalter as  
mayor of Indianapolis. The inauguration  
will take place in the new City Hall build-  
ing, Alabama and Ohio streets, at 12  
o'clock and immediately afterward Mayor  
Bookwalter will formally turn over his  
office in the Majestic Building to the new  
mayor. The inauguration ceremony will  
be brief.

Mr. Shank will go to the office of Mayor  
Bookwalter at 11:45 o'clock this morning  
and from there he and Mayor Bookwalter  
will go together to the new City Hall  
Building. Mayor Bookwalter will make a  
short speech, followed by a talk by Mr.  
Shank. The mayor-elect will then take the  
oath of office. Mr. Shank has provided  
several barrels of apples and a large  
quantity of cigars for distribution at the  
inaugural ceremonies. The installation will  
take place in what will be the office of  
the city controller in the new structure,  
and although the building is not yet un-  
der cover, the room will be warmed and  
decorated simply.

When Mayor Bookwalter has turned  
over his office to his successor Mr. Shank  
will formally appoint the members of his  
boards and other officers, the naming of  
whom falls within his right. The Board  
of Public Safety will meet at 2 o'clock  
this afternoon and will appoint Martin  
Hyland chief of police, Charles B. Coote  
fire chief, and Carl Shank market master.  
It is not known whether the Board of  
Safety will announce appointments to sub-  
ordinate offices today. It is expected that  
the Board of Public Works will also hold  
a session this afternoon if Charles L.  
Hutchinson, one of the members of the  
board, will have returned to the city. The  
extent of the appointments, if any be  
made, will include only the clerks and  
other employes in the board's office. It is  
understood that the present force will be  
retained.

## Confident of Future.

On the eve of his inauguration Mr.  
Shank expressed confidence in the out-  
come of his administration.

"I am confident," he said, "that I shall  
give the people of Indianapolis as satis-  
factory an administration as they have  
ever had."

n' to catch that," he said firmly he held Mrs. Wood e' "other woman." other employees in the board's office. It is understood that the present force will be retained.

### Confident of Future.

On the eve of his inauguration Mr. Shank expressed confidence in the outcome of his administration.

"I am confident," he said, "that I shall give the people of Indianapolis as satisfactory an administration as they have ever had."

Mr. Shank spent the evening quietly at home with a few close friends. He said he was glad to get an opportunity to rest after the last few busy weeks and before he took up his duties as the city's executive. The mayor-elect expects to enforce rigid rules for the reception of visitors at his office. He will be "in" officially every morning from 10 o'clock until 12 o'clock, and every afternoon from 2 o'clock until 4 o'clock, and only during these hours will receive visitors.

"Receiving visitors," the mayor said last night, "is only a small part of the duties, and in order to have time for the remainder of the work I am going to make it a rule to receive callers only during these hours."

It became known yesterday that Crato D. Bowen, the present city attorney, will be retained for a time in the office of the corporation counsel. In view of the fact that the office at present is in the midst of numerous important litigations this is believed better policy than changing the personnel of the office entirely. Regarding Mr. Bowen's successor no definite statement could be obtained yesterday. Whether the influence Martin N. Hugg is said to be bringing to bear on Joseph B. Kealing in favor of Merle N. A. Walker for this position will be successful will probably not be known immediately in view of Mr. Bowen's temporary retention. The only other attorney mentioned in connection with the place is Thomas A. Dally.

Mr. Kealing expects to make known today his appointee for deputy in the Police Court. The new corporation counsel said yesterday that he had not decided on the deputy, but that he would make the announcement today.

### Changes Will Come Slowly.

From present indications changes in the departments under the various boards will come slowly and there is reason to believe that few appointments will be made soon other than those which have already become known as intended. There will be no immediate changes in the department of public works, it is understood. While the general personnel of the departments under this board will not be affected, it is probable that Eugene F. Harris, chief of the assessment bureau, will be replaced within a short time. William H. Peirce, chief clerk in the office of the city civil engineer, is understood to be on the retirement list, as is also S. R. Murray, superintendent of the city asphalt plant. It is understood that Joseph L. Hogue, superintendent of streets, and Charles R. Gift, superintendent of the street cleaning department,

personnel of the office entirely. Re-  
garding Mr. Bowen's successor no defi-  
nite statement could be obtained yester-  
day. Whether the influence Martin N.  
Hugg is said to be bringing to bear on  
Joseph B. Kealing in favor of Merle N.  
A. Walker for this position will be suc-  
cessful will probably not be known im-  
mediately in view of Mr. Bowen's tem-  
porary retention. The only other attor-  
ney mentioned in connection with the  
place is Thomas A. Dally.

Mr. Kealing expects to make known to-  
day his appointee for deputy in the Po-  
lice Court. The new corporation counsel  
said yesterday that he had not decided  
on the deputy, but that he would make  
the announcement today.

## Changes Will Come Slowly.

From present indications changes in  
the departments under the various boards  
will come slowly and there is reason to  
believe that few appointments will be  
made soon other than those which have  
already become known as intended.  
There will be no immediate changes in  
the department of public works, it is  
understood. While the general personnel  
of the departments under this board will  
not be affected, it is probable that Eu-  
gene F. Harris, chief of the assessment  
bureau, will be replaced within a short  
time. William H. Peirce, chief clerk in  
the office of the city civil engineer, is  
understood to be on the retirement list,  
as is also S. R. Murray, superintendent of  
the city asphalt plant. It is understood  
that Joseph L. Hogue, superintendent of  
streets, and Charles R. Gift, superintendent  
of the street cleaning department,  
are safe for the present, at least.

From information received yesterday it  
is believed that John B. Wood will not  
retain the clerkship of the Board of  
Public Safety, although nothing definite  
could be obtained as to his successor or  
regarding the date of the change. There  
is no probability that Thomas A. Winter-  
rowd will be replaced as building in-  
spector or Jacob P. Brown as smoke in-  
spector.

It is expected that the Board of Safety  
may also settle this afternoon the in-  
quiry regarding the successor of  
Paul Sargent Hodge. Dr. Moses Thorne  
and Dr. John M. Cunningham are the  
physicians between whom this appoint-  
ment lies, although there was no definite  
information available yesterday as to  
which of these men will be appointed.  
There is some doubt that W. B. Cox  
will be named veterinarian by the board.

Howard Kendall, the new city con-  
sulting engineer, expects to make an change in  
the office of the present chief, which will  
provide a berth for Edward S. Cook, the  
present deputy. Later matters will  
be decided by a time at least. It is un-  
derstood, as mentioned at beginning and middle  
of a temporary appointment of
