HONORS TO LOZIER IN 24-HOUR RACE

Auto No. 3 Wins the Event and Breaks Record—No. 4 Comes in Second.

BUICK MAKES GREAT FINISH

Chevrolet Makes 624 Miles in 12 Hours, Only to Be Put Out by Flat Tire.

NEW YORK, Oct. 16.—Ralph Mulford and Cyrus Patscheke, who alternated in driving the Lozier car, No. 3, carried off the honors in the twenty-four-hour automobile race at the Brighton Beach Motordrome tonight, and established a new world's twenty-four-hour record of 1,196 miles. This is a new mark for a circular one-mile track, being nineteen miles better than the record made over the same course last year by Robertson in a Simplex.

The Lozier car, No. 4, driven by Cobe and Seymour, finished second, and the Rainier, No. 9, with Disbrow and Lund, was third, with 1,169 and 1,155 miles, respectively.

Nine cars started in the race shortly after 8 o'clock last night but only six finished. The other three were put out of the race by accidents, in none of which, however, were any of the drivers or assistants seriously injured.

One of the most spectacular features of the contest was the performance of the pair of Buick cars driven by the Chevrolet

 Ketchel's force. He was
 Ketchel in, but had great

sistants seriously injured.

One of the most spectacular features of
 the contest was the performance of the
 pair of Buick cars, driven by the Chevrolet
 brothers, Louis and Arthur, and by Robert
 Burnham, who at times was relieved by
 Hughes. These cars covered fifty-six
 miles in the first hour and fifty-eight
 miles in the second hour, thus establish-
 ing new records.

From this stage until the close of the
 twelfth hour Chevrolet sent his car spin-
 ning around the track at a terrific speed,
 pulling up a record of 624 miles for twelve
 hours, only to be put out of the race a
 few minutes later by the flattening of a
 tire. His car jumped the track and landed
 in the grass near where the fatal accident
 occurred at the recent twenty-four-hour
 race, but he was not seriously hurt. The
 other Buick car finished fourth.

Score of Six to Finish.

The twenty-four hours or concluding
 score for the six cars to finish is as fol-
 lows:

No.	Car.	Drivers.	Distance.
3	Lozier.	Mulford-Patscheke.....	1,196
4	Lozier.	Seymour-Cobe.....	1,169
9	Rainier.	Disbrow-Lund.....	1,155
5	Buick.	Burnham-A.Chevrolet.....	1,064
10	Marion.	Strang.....	904
11	Matheson.	Basle-Whalen.....	891

At 7 o'clock Charles Bowers, driving
 one of the Rainiers, and his mechanician,
 J. Mause, narrowly escaped serious in-
 jury at the turn just past the grand
 stand.

A tire flew from one of the rear wheels
 of Bowers's machine and the car swerved,
 plunging through the infield fence. The
 car turned turtle twice and both driver
 and mechanician were hurled to the
 ground. Both men were unconscious
 when the emergency ambulance arrived,
 but they were quickly revived and taken
 to the tent hospital, where it was found
 that they had only some scalp wounds
 and a few bruises.

During the thirteenth hour Louis Chev-
 rolet, the leader, was temporarily thrown
 out of the race by a slight accident. Com-
 ing from the back stretch around the far
 turn one of his wheels snapped off. Chev-
 rolet succeeded in stopping the car be-
 fore any accident occurred.

The Palmer-Singer car was officially
 declared out of the race.

A few minutes before noon the Buick
 car, driven by Arthur Chevrolet, jumped
 the track and landed in the field on the
 outside of the racetrack turn. The car
 was badly wrecked, but neither driver or
 mechanician was injured. They
 sat motionless.

The nine cars which started, with their
 numbers and drivers, were

- 1—Palmer-Singer E. Palmer & F. Singer
- 2—Lozier Seymour-Cobe
