ENTERS MARMON RACER

LOCAL FIRM OPENS SEASON

**H. H. RICE RETURNS FROM NEW YORK
AND ANNOUNCES LOS ANGELES
SPEED PLANS—COLE WILL
ALSO COMPETE.**

H. H. Rice of the Marmon Automobile
Company returned yesterday from the
New York motor car shows and an-
nounced that he has arranged to open the
1910 racing season by entering one of the
Marmon stock racing cars in the Los
Angeles races next month.

A mile board track, banked high and
all curve, has been built by up-to-date
motor car race boosters on the Western
coast and this will be the scene of the
activities the Indianapolis car will en-
gage in. Ray Harroun of Chicago, who
drove the Marmon to victory on several
occasions, like the Atlanta and Vander-
bilt, to say nothing of the local events,
will be in Indianapolis tomorrow. He will
superintend the tuning of his racer and
will then ship it West.

Cole Will Also Race.

The Cole Motor Car Company will en-
ter a Cole "30" stock racing car in some
of the events to be held at Los Angeles.
These two Indianapolis-made cars are ex-
pected to pluck the laurels for events of
their class. The Cole "30" made its first
sprints at the local Speedway during the
recent winter races, when Endicott, who
will drive out West, made twenty miles
in nineteen minutes and forty-seven sec-
onds. This car is on exhibition at the
Crescent Auto Company, 23 East Ohio
street.

Mr. Rice was loud in praise for the New
York shows. He said the new Marmon
torpedo racing car made a decided hit.
Because it is constructed with only two
doors, making it absolutely necessary to
observe the rules of the road, by stop-
ping at curbs on the right side, the car
was a popular one. The Vanderbilt rac-
ing car was also exhibited. It was loaded
down with trophies that the Marmon
people have won

The Vanderbilt rac- ing car was also exhibited. It was loaded down with trophies that the Marmon people have won.

Southern Races Attract.

For some weeks the New Orleans Auto- mobile Club has been working upon its annual Mardi Gras Speed Carnival plans and announcement has been made by Director of Contests Homer George that the famous meet of last season will be surpassed in the contests this season. Al- ready entries have been received from George Robertson with a special track Simplex, Ralph De Palma with the Flat Cyclone, Barney Oldfield with his big Benz, Ben Kirscher with a Darracq, while the Jackson, the National and Cole factories have named two cars each. Others are expected to enter this week.

The list of events for the two days calls for fourteen races for all classes of cars from the stock chassis of 161 to 230 piston displacement to the free, for alls. Three big amateur events are on the list with the Mabel McCane \$500 trophy; the Klaw & Erlanger \$500 trophy and the New Orleans championship \$500 trophy as awards. These have attracted entries so far representing New Orleans, Chicago, Atlanta, St. Louis and New York. Others are assured. Two of the events are at five miles and one at ten.

Two free-for-all races are carded each day and one handicap.
