

and shortstop Tinker, of the Chicago National League team, have been fined and suspended for three days on account of their dispute with umpire Klem during the game yesterday. Evers, the second baseman, was suspended yesterday for three days.

MARMON IN RACING GAME.

Indianapolis Car will Not Quit Track Events as Announced.

[By Carburator.]

The announcement in a Chicago paper that the Marmon cars would not take part in future racing events is without foundation. Howard Marmon, of the Nordyke & Marmon Co., said today that the company's policy would be to enter its cars in any events it deemed advisable. The results at the recent motor speedway events were exceedingly gratifying and cause for congratulation, because the machines again proved their reliability, which has been shown many times on the road. The Marmon cars will be among the entries at the next events at the speedway.

Indiana Cars in Lowell Race.

Local interest in the 318-mile stock chassis event on the Lowell course today was centered largely in the performance of the two Indiana cars, the Apperson, of Kokomo, and the American, of Indianapolis. Herbert Lytle was at the wheel of the Apperson, while Bob Drach, of Milwaukee, piloted the Indianapolis car.

Semi-Pros and Amateurs

The Ionas defeated the Peerless Juniors, 12 to 10. Having a permit for Riverside park diamond No. 1 for Sunday afternoon the winners would like to arrange a game with any sixteen-year-old team. Cardinals preferred. Call Main 3401 and ask for Otto.

The Orientals desire a game for Sunday with any seventeen-year-old team. Address Leo Baar, 1239 East New York street, or call
