# National

**Model D, 4 Cylinders, 35-40 H. P., 5 Passengers, \$3,000**

Made Here at Home. The Holder of the World's 1,000-Mile and 24-Hour Records.

**1,094 3-16 MILES IN TWENTY-FOUR HOURS**

A Practical Demonstration of Reliability and Endurance that stands today unequalled in all the world.

Reliability and power are indispensable if a motor car is to give its owner the distance trials best demonstrate these qualities before owners, buyers and makers; providing, regular stock cars are used. The world's record car is a regular stock car, the kind the customer buys, and is now in daily use in Indianapolis. The entire output of the National factory for 1906 has been sold and our allotment of cars is rapidly being taken.

**The Fisher Automobile Co. 330 N. Illinois Street**

State Agents for National, Stoddard-Dayton, Premier, Maxwell Automobiles.
