Among the new reading lights there is none better for use in the car or at the hotel than... having its own battery in a little square frame. The light is excellent and the battery is good for seventeen hours.

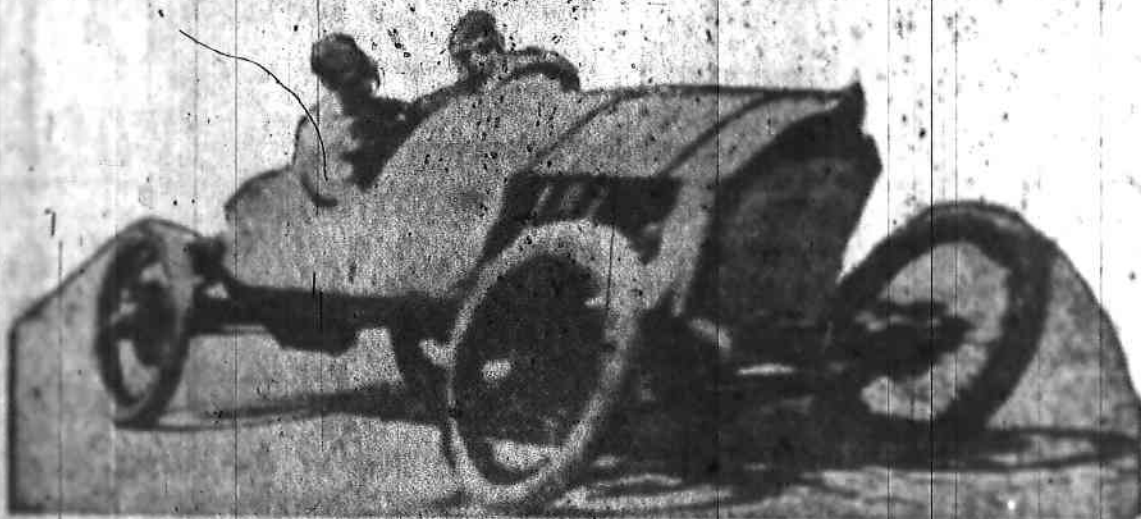

The self-heating iron is a boon to travelers, as it has a small alcohol lamp and does not depend upon electric attachment. It has a case of its own, and is large enough to be quite efficient.

Very convenient are the square "washup" kits. They hold a folding rubber bowl, soap,

CHICAGO, May 28.—The tragic ending of the Pekey-McCarthy fight at Calgary Saturday has killed the chances of the boxing bill now before the legislature, according to the opinion of many local promoters, who yesterday disposed of options on several halls which they had secured for prospective boxing matches, dependent upon the success of the proposed law, authorizing boxing matches.

The fact that McCarthy's death resulted from a bout in which the principals wore eight-ounce gloves is regarded by the friends of the bill as an especially strong argument for its opponents. Several religious organizations have prepared to renew their campaign against the pending legislation.
