

...ers park sufficiently to enable the team to put on a double-header this afternoon. This evening the tribe will leave for Minneapolis for a series ending with Sunday's game, and will then make the big jump to Washington park in time for a game there on Monday.

Poly, and Evans, of Earliham, pitched all-tight games, Neff getting eleven strikeouts and Evans ten. The lone run of the game came in the fifth inning when Sanders, of Earliham, gleaned a hit off Neff, and made second on a sacrifice. In an attempt to catch him napping at second the Poly short stop errored, scoring Sanders.

ITALIAN CARS FAST AS FRENCH

TRUCCO, IN ISOTTA.

The Isottas, which were shipped from Havre a few days ago, in charge of Vincenzo Trucco, the Italian factory expert, shown at the wheel of one of the cars in the above photograph, are scheduled to arrive in this city on about May 24. They will be taken in charge immediately by Tetzlaff and Grant, who, with Trucco, compose the Isotta team, and hurried out to the speedway for practice. Though they will have only four or five days to get in shape it is thought this will not prove much of a handicap in view of the knowledge which the American drivers of the outfit have of the course. Trucco is expected to get the hang of things

under the tutelage of his more experienced brother drivers. That they will prove formidable contenders the opinion expressed of them by the pilots already on the course, especially the foreigners, seems to indicate. Their speed, it is said, is fully as great as that of the Peugeots, due to the fact that they use a similar system of valve mounting. They are held to possess a slight advantage over the Frenchmen, moreover, in their cigar-shaped tail, a device which adds to their velocity through the action of the air as it rushes together in back of them, exerting a propelling force similar to that of a man's fingers when they fling an apple seed by squeezing one of its ends between them.
