Beverly Hills, California

My dear Mr. Oldfield:

Let me again extend my congratulations to you, as one of the original persons named in the Automobile Hall of Fame, and at the same time express the appreciation which the Society and the Commission feel to you for your cooperation with us.

Your signature, with that of the others so honored, will be transferred to an elaborate metal tablet ornamented with a trophy identical with the one you received at the ceremony. It will be, I am sure, a high-point in the industrial wing of the Detroit Historical Museum. It gives us great satisfaction to be host to the Automobile Hall of Fame.

It was a real pleasure to meet you personally. I trust that the entire Jubilee was an affair which you enjoyed greatly. It seemed to me that it was a great success.

Very sincerely yours,

  
Raymond C. Miller,  
Director
