Eifal, Melvain and The
an, sixth, 3-year-olds and
ands—Campaigner, 102 (J.
O. Abrams; time,

AUTO RACES START

CURTIS BEATS WORLD'S MARK

Drives a Mile in a Motorcycle In One Minute Five and Three- Fifths Seconds.

ORMOND, Fla., Jan. 21.—With the
most ideal weather that has prevailed
in the opening of any tournament, and
with a perfect racing surface on the
beach, conditions for the opening of the
Fifth International Automobile Tourna-
ment today were excellent. The first
day, however, was devoted entirely to
unofficial trials, the testing of timing
apparatus and completing other details
of the preliminaries.

During the afternoon P. T. G. Curtis,
on a single cylinder 2½-horse-power mo-
torcycle, drove a mile against the elec-
tric clock in 1:05 3-5, which is consider-
ably under the old single cylinder rec-
ord. Two steam cars were also out on
the beach making exhibition runs.

The first real racing will begin at 8
o'clock tomorrow morning, with five-mile
events, mile events, record trials and a
five-mile test on the program. This pro-
gram is subject to change, depending on
weather conditions.

NEW CANDIDATES COME OUT.

Shortridge High School Basket Ball Stock Soaring—Thomas is Back.

Several new men are coming out to the
basket ball practices at the Shortridge High
School, and the team that meets the Manual
seconds Friday night will be much stronger
than the team which was defeated at the
first game. Marion Kluseman, who was a
sub full back on the football eleven, is trying
out for center on the basket ball five, and
probably will make good.
Morey, one of the mainstays of the junior
