**SPEEDWAY TRAINS TO
BE LOADED BY POLICE**

**Superintendent Hyland Plans to
Handle Crowds With No
Repetition of Crushes.**

There will be no rushing and pushing this year when the special Speedway trains are loaded at the Union Station. Superintendent Hyland announced last night that Sergt. Hagerman with twenty-five patrolmen will be assigned to handle the loading and unloading of passengers bound for the Speedway tomorrow.

Sergt. Ray with twelve men will guard the gates and control the crowds at the Speedway until the rush is over at the Union Station when Sergt. Hagerman and his squad will transfer to the Speedway, preparatory to handling the crowds returning in the evening.

Sergt. Burris and four men will care for the crowd at Crown Hill, and Sergt. Boyland and six men will care for the crowds on Monument Place.

DETECTIVES ON JOB.

A score or more detectives from surrounding large cities will assist the local police throughout the day. These will be distributed through the crowd at the races and wherever other large crowds are assembled. Mounted policemen will patrol the Crawfordsville road and adjoining territory and the motorcycle men will be out to prevent speeding. The traffic squads will be doubled and in some cases tripled. Little difficulty is anticipated in handling the crowds.
