EVERY WOMAN DESIRES ENTER AUTO CONTESTS

John Cuneo Sustains Alice Potter's Determination to Compete With Men.

heartily. In sympathy with Miss
er in her contention for a na-
an's tour," said Mrs. Joan New-
in talking of the probable action
A. A. and the manufacturers' com-
closing out the women from the
r of the A. A. A. "Nothing can
aking the route providing I care
continued Mrs. Cuneo, "and al-
ad no real intentions of entering
r I may decide now to make the
y, for I don't believe that expe-
vers such as Miss Potter and my-
ever be barred.

is a fact that the trip this year
one as a matter of course, and
hout number intended to enter.
r, when she made that trip from
to New York and return in her
r with none but ladies with her,
loved herself a grand driver, and
y anxious to meet her in the tour
and give her a run for the trophy.

of Miss Potter and myself, are to
d from the ranks because it may
e that we may secure a perfect
ast the men, then it is time for us
and organize a national tour ap-
ladies, and I am quite certain
Potter will enter with her Mayne-
ology other women drivers will en-

make a tour and carry it through-
out of the A. A. A., providing
support and the authorities will be
satisfied. It is also our duty to
ing to our quality class in the
I am certain that the
the women I hope to see in the
to be a great success and a great

the goods in center, and an effort to
oblige him have been of no avail."

All the Carbon Taken Out Of Your Engine for \$3

We'll keep your car only
about three hours and hand it
back to you with every par-
ticle of carbon removed from
pistons, valves, piston rings
and cylinders. Increased com-
pression and power.

We'll do the job right with

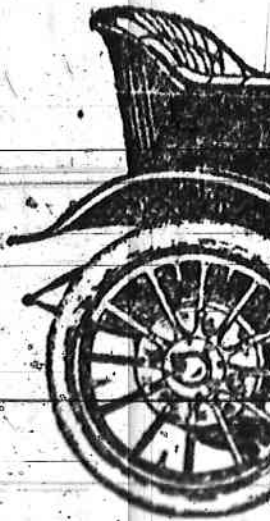

Prest-O-Carbon Remover

The liquid that dissolves
carbon. Made by the Prest-
O-Life Gas Tank people. Sold
to those who want to do the
job themselves, in cans, \$1,
\$2 and \$3.75 sizes.
