

CH ARCHIVES  
BE PRESENTED

David Walk Compiles In-  
le Records for Central  
ristian Celebration.

JUBILEE RECALLED

Preserved Verbatim, to  
en to Congregation on  
5th Anniversary.

ation of the seventy-fifth an-  
of the organization of the Cen-  
ian Church will be observed  
next Friday morning. The  
ative services will last over  
of the celebration will be the  
f the Rev. David Walk, who  
of the Central Church at the  
celebration of the fiftieth an-  
twenty-five years ago.

archives that have been pre-  
migrative of the occasion of  
celebration have been compiled  
alk. They are in the form of  
addresses made by him on June  
address made by the Rev. W.  
on on June 10, 1883, and still  
L. H. Jameson on June 11 of  
year. When Dr. Walk learned  
Central Church was about to  
its seventy-fifth anniversary he  
the addresses in a book and  
e presented to the church as a  
memento of the jubilee. The  
he posed will be formally pre-  
the church today.

L. H. Jameson, who was  
in the celebration of the golden  
jubilae of the Central Church  
before the beginning of the  
of Dr. Walk, and was an old  
time of the celebration. The  
Explosion whose name is also  
connected with the celebra-  
who delivered an address on  
1883 was at that time president  
College.

of interesting passages are  
the addresses delivered by these  
on the golden jubilee celebra-  
the Rev. Mr. Walk referred to  
being festivities in his sermon,  
referred to the celebration of  
day, observed a few days prior  
to the jubilee.

occasion Dr. Walk took his  
text, Matt. vii. 12, which reads,  
"Whatsoever ye wish that men  
should do unto you, do ye  
unto them." He said, "Hitherto  
the Lord hath done."

then has, but the other day,  
Walk, "raised its Ebenezer in  
a little cemetery throughout  
land, but in the shape of  
beautiful flowers. There are  
sands of otherwise unmarked  
graves here remembered, and  
e thus flower bestrewn is a  
of the help of God. Each  
furnished or cast a flower  
ation. "Hitherto hath the Lord  
And each grave so adorned  
has been a monument to the  
past."

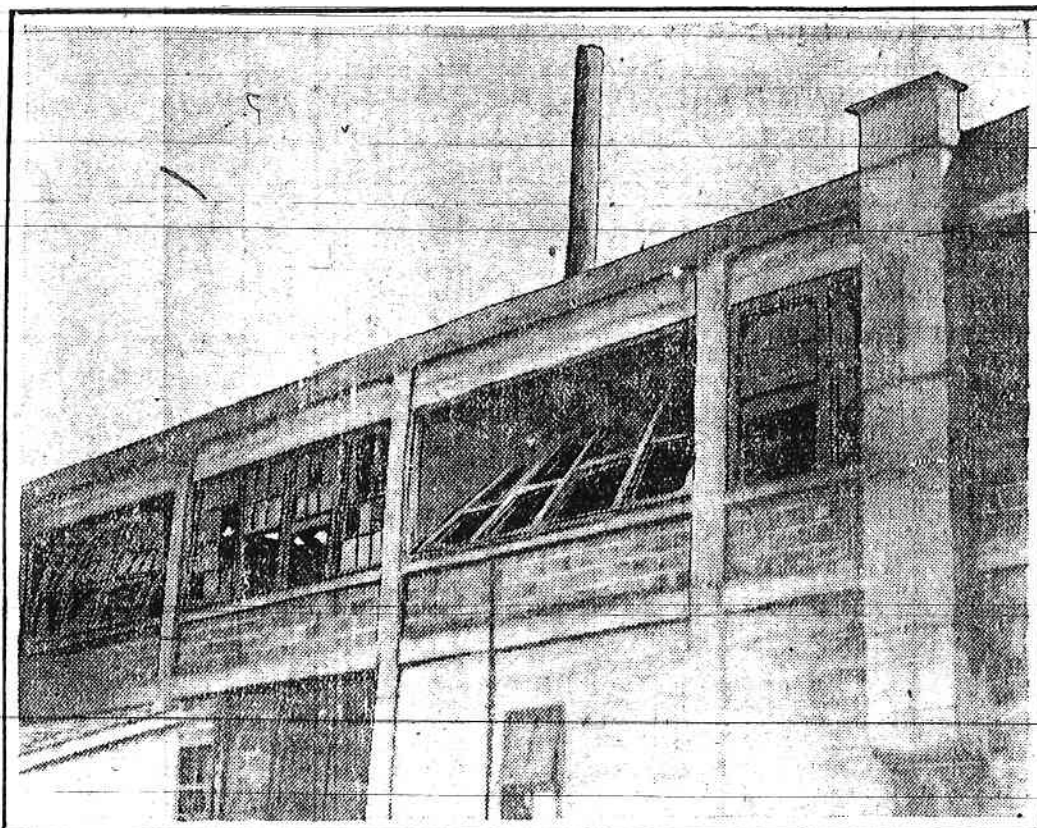

have thought of the significance  
ord more especially in connec-  
this church. Next Sunday we  
the celebration of our semi-  
Only a few more days and  
ch will attain unto its fiftieth

Walk goes on to state that some of  
honored names among the dis-  
Christ have been registered as  
of the church and that it cher-  
the tenderest care the men and  
ho have helped make its his-  
cluding, he says:

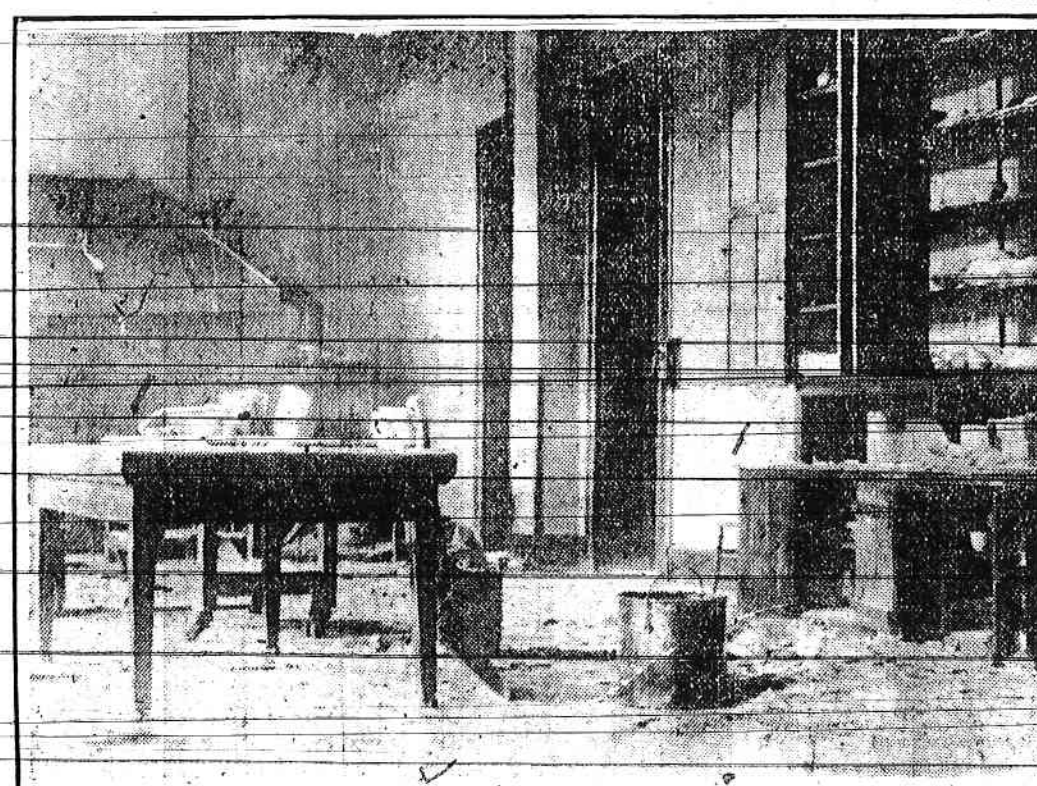

Speaks of the Future.

what shall be our future?  
course is known only in God,  
etermining power is in our own  
hat record shall we make for  
shall celebrate the centennial  
arch. What mention shall we  
you and me? Shall our names  
remembered as among those  
diligently toiled and sacrificed  
it to posterity the priceless  
which we have inherited from  
o have gone before us? Shall  
en and our children's children  
remember us? Shall we be  
10, 1883, the Rev. W. K.  
delivered an address on the oc-  
the semi-centennial jubilee. His  
was largely on the scriptures,  
collected on the history of the

anniversary there were less than twenty  
omissions of Sunday services. On a num-  
ber of occasions meetings were held in  
what was then known as the Governor's  
Circle.  
"In the early part of 1837," says Dr.  
Jameson, "the church occupied the old  
seminary building in University Park,  
their house of worship not yet being  
completed. In the early part of this year  
Butler K. Smith was associated with Dr.  
Sanders in the elder's office. The fruit  
of the year's work was about thirty addi-  
tions."  
In the following year, 1838, forty addi-

Talks on Te

By DR. DAY.

PRACTICAL DEMONSTRATION  
OF THE DR. DAY METHOD

A CURE FOR PYORRHEA BY THE  
METHOD—NEW TEETH WITH  
OUT PLATES

If you have been one of the  
victims of loose teeth you know  
Pyorrhea is. The dental profes-  
sion divided in its opinion as to the  
origin of this trouble, but all  
are of the opinion that there is no cure  
We take issue with them.

The record we have made in  
few years, where we have cured  
hundreds of cases of pyorrhea, pro-  
ves the trouble is a local one and  
CAN BE CURED. We are curing cases  
every day, and THESE CASES STAY  
CURED. Most dentists, feeling as  
about the matter (that it is in-  
curable), don't try to work a  
cure, but proceed to pull the teeth that  
are loose. It is certainly a radical mea-  
sure that is hard on the victim,  
and the tooth gone is an irreparable  
loss. We proceed along different  
lines, first of all, we cure the  
CAUSE of the looseness.  
Then we restore all the teeth  
through ignorance have been pulled  
by the DR. DAY method—teeth  
without plates.  
THE DR. DAY METHOD is
