Prize Wining Letter in Contest Picks Woman of Middle Age as More Beautiful Than Sisters

Lack of space has prevented the publication of a number of the letters answering the question: "At What Age is Woman the Most Beautiful?" but those considered the best in the complete list are the two below. The first prize of \$2 was awarded to Mrs. Nellie Evans, of 540 west Haller street, while the second prize of \$1.00 goes to Miss Chloe Myers, of 654 north Jackson street. They can secure the prizes by calling at The News office.

The interest in this contest was not as great as it should have been, as it would seem that every woman in the city and country round about would have an opinion on the subject. Probably they had, but they did not all voice them.

The prize-winning letters express admiration for widely differing types of beauty, and the first wins for the woman of middle age—the full blown rose of womanhood, while the other tells of the half-opened bud—the young girl of 20, with all the world before her.

FIRST PRIZE.
Miss Susie Smart, Lima Daily News: When is woman most beautiful? Springtime is beautiful. We look upon it as the most beautiful season of the year, but is it? It has sprouting grass and budding trees, but few flowers. Summer is beautiful. The sun is bright, the full green leaves glisten in the sun, the green vines climb over porch and terrace and bright flowers bloom everywhere. A perfect bouquet. The season is in its young womanhood, but who can deny the beauty of early autumn?

Our summer work is done and we look and rejoice over our summer labor, as we look upon the golden grains, the rich, ripe fruits—and, although the summer flowers are gone, we still have some beautiful ones

Arthur Mooney, who was struck by an automobile during the fair rush last week, and sustained a fracture of the skull is slowly improving at his home on south Walnut street. There are hopes for his ultimate recovery.

Wilson Brumback has gone to Chicago to attend the Northwestern University.

Tuesday the beautiful country home of Hon. and Mrs. J. S. Stucky, east of the city, was the occasion of a most happy event when Mr. and Mrs. Stucky celebrated their golden anniversary. Among decorations of yellow and gold they received their many relatives to the number of 50.

Mrs. D. W. McMillen was at home to the members of the Clatter club, Thursday, when she entertained at a 1 o'clock luncheon.

Wednesday, Mrs. G. H. Priddy, of west Crawford street, extended pleasing hospitality to the ladies of the Country club in the form of a 1 o'clock luncheon. The only out-of-town guest was Mrs. William Kear, of Washington, North Carolina.

James E. Riddle, father of Dora Riddle, recently sentenced to state prison, is fast regaining his strength. The elder Riddle lost more than 25 pounds during the time his son was in the county jail, and before his trial was completed. The strain was so severe he felt that he might not be able to work again. But now he has regained all his former strength, and this he attributes to "sun baths."

He says he has been working in the hottest sun, without his hat, and that as the hot rays poured down on him, he felt his strength returning. Mr. Riddle is a stone mason by trade and for the past four days has worked in the hot sun at Cole street and Brice avenue, where he assisted in the laying of a cement cellar for two bungalows. He declares that the "sun bath" while it need not be practiced by overwork in this manner, is exceptionally beneficial to any person's health.

DARIO RESTA SETS MARK OF 108.4 MILES AN HOUR

(By DUNCAN CURRY)

NEW YORK, Sept. 18.—All motor car speed records for ten miles were shattered by Dario Resta in a Peugeot car at the opening of the new Sheepshead Bay motor drome this afternoon. Resta not only covered the ten miles on the two-mile board oval twenty-two seconds faster than any man has ever driven a machine before, but his time, five minutes 32 4-5 seconds, figured out at the astonishing rate of 108.4 miles per hour.

The best previous record for ten

miles is 5:55 and was made by Resta on the Chicago motor drome some time ago. Resta, after the trial, said that the Sheepshead Bay motordrome was the fastest race track in the world. He said: "I did not let my car out to its best speed; the highest I got out of her was 114 miles an hour, but under different conditions I believe I can make 130 miles an hour on this track."

Today's trial marked the informal opening of the big Speedway prior to the big 350-mile race for the Astor Cup, which will be held on October 2.

MISS BLANCHE WERUM CHOSEN AS INSTRUCTOR FOR LOCAL GYMNASIUM

PLAYGROUNDS TEACHER TO BE PHYSICAL DIRECTOR FOR BUSINESS WOMEN'S CLUB.

Miss Blanche Werum, who has made such a success of the playgrounds work in the parks the past summer, has been chosen to act as physical director for the Business Women's club for the winter. Miss Werum will direct the classes at Waeeler Hall, which has been secured for the work again this year, and she is planning to have classes for adults, young business women, high school and grammar grade girls, who are getting just a bit stiff in the joints because it is so hard to practice limbering up exercises all by themselves.

Basket ball teams from the different churches and factories, who will be pitted against each other in public games at frequent intervals, will also be organized, and the work will be commenced the first week in October, when the opening in physical culture and the beginnings of the basketball teams will be inaugurated. There are going to be a lot of new features, many of which Miss Werum is keeping to herself, and about which she is wearing a wise little smile. She will tell the girls all about them all in good time.

MILLINERY OPENING PROVES TO BE A DECIDED SUCCESS.

Although the weather was decidedly warm for fall millinery openings, that of the McKinley Millinery company, which was held last Thursday afternoon and evening, was well attended. Delightful music, beautiful flowers and the most charming sorts of fetching headgear all combined to make the

opening an attractive one. The new decorating of the interior of the store, which has all been done over in gold and mahogany, with floor coverings of deep greens forms a charming background for the display of hats, and the latter show all the foremost styles as shown by the leading wholesale houses of the city. Mrs. Alice McKinley, formerly of Rawdon, is in charge, with a corps of competent helpers as trimmers and sales women.
