ZEIDER MAY MANAGE TOLEDO

Toledo, April 17.—Rollie Zeider, a scout for the Chicago National League club, will be manager of the Toledo American association team this season if Fred Mitchell will give Zeider his release.

This information was given out last night by Roger Bresnahan, president of the local club, who has retired as manager. Zeider was here and agreed to take the position Bresnahan said. Rube Vickers, formerly of the Philadelphia Americans, is another aspirant for the place, but Zeider is given preference because he applied first. The first of this season's Toledo players are expected to report here today.

DARIO RESTA TO DRIVE SUNBEAM AT INDIANAPOLIS

Indianapolis, Ind., April 15.—Dario Resta, who won the only official championship ever awarded in the history of the speed sport in America, will compete in the 500-mile Liberty Sweepstakes at Indianapolis, May 31. This time the winner of the 1916 championship will drive a foreign car but not the French Peugeot that has always carried him to victory. Resta's mount for the \$50,000 contest will be the same English Sunbeam that the late Joe Christiansen was to have piloted.

Until Resta came to this country early in 1915 he had always appeared at the wheel of a Sunbeam racer in the European competition, starting with a victory on the Brooklands speedway in 1907. When he arrived in America in January, 1915, ostensibly to drive one of the new Sunbeams that Louis Coatalle had built for the Indianapolis 500-mile event, he suddenly switched to the Peugeot team.

Alphonse Kauffman, who looked after the interests of the Peugeot in this country, made a master stroke when he weaned Dario away from the Sunbeam factory. Kauffman took Resta to San Francisco where he thrilled the racing world by doing something that no other driver had been able to accomplish—the winning of a Vanderbilt and Grand Prize in succession. He turned the trick with the same car that Jules Goux used to win the 1913 Indianapolis race after many of the best American drivers had been unable to score victory with the French car.

Resta stamped himself as a great driver in the two road races by his ability to make a winner of the old car and his driving over the muddy board and asphalt course in the exposition grounds. Not only was he confronted with the flat streets of the exposition but during the major portion of both races it rained in torrents.

During the rest of 1915 he scored several victories, his best drive being the taking of second place in the Indianapolis 500-mile, a few steps behind Ralph De Palma's Mercedes. His next best performance was his victory in the 500 mile event that opened the checkered career of the Chicago board speedway. In 1916 Dario came back strong and nosed out the late John Aitken in the race for the American championship, conducted by the American Automobile association's contest

board. In turning this trick Resta finished first in five of the big races of the season.

When the English-Italian tucks himself behind the wheel of the Sunbeam six and the starter gives the word, Resta will have the race half won, for with but few exceptions the other drivers believe that Resta is so lucky that it is almost impossible to best him.

St. Louis, April 15.—Five members of the regular pitching staff of the St. Louis Nationals were injured here today when an automobile in which they were riding collided with a street car. The injured were: William Doak, Leon Ames, Oscar Horstman, William Sherdel and Lee Meadows. The car was driven by Meadows.

Branch Rickey, manager of the Cardinals, after visiting the men, said he was unable to determine what effect the accident would have on the team.

Des Moines, Ia., April 15.—A son has been born to Mrs. Earl Caddock, wife of the world's champion heavyweight wrestler. The son, who has been given his father's name, Earl Charles, was born at Walnut, Ia., where Mrs. Caddock is staying with her parents while her husband is with the 83d division in France.
