NEW GAME LAW TO BE PRESENTED

Will Not Permit Spring Duck Hunting.

The present game law probably will pass out of existence in a few weeks, as an entirely new one is to be presented in the legislature next week by Senator Bardill, chairman of the senate fish and game committee.

AMERICANS THIRD

Paris, France. — Three runners of the Fifth division finished third in the international cross-country run held by the Luxembourg sporting club recently. Three Belgians won the event and Luxembourg runners finished second.

STALEY TEAM IN FIRST GAME TODAY

The grand old weather man opened up the warm air about Saturday morning in time to make the day a good one for the opening of the baseball season at the Staley park. The two teams probably will find the Staley diamond in the fastest shape it was ever in.

DARIO RESTA AT INDIANAPOLIS

Indianapolis, Ind., April 12.—Dario Resta, owner of the only championship medal in the history of American automobile racing, will defend his right to the title won in 1916, in the 500-mile Liberty Sweepstakes at Indianapolis, May 31.

Resta is a driver who is possessed of great mechanical ability and is also a shrewd driver. It is noticeable that he either wins or does not finish the race. In the fifteen races that figured in the 1918 championship Resta finished first in five and gained 4,100 points. While he did not start in all of the 15 title events he never took the checkered flag after it had been waved for an opponent.

ILLINOIS BOYS IN NEW YORK

How They Are Welcomed Back to U. S.

Returning Illinois war heroes are receiving hearty welcomes in New York City at the headquarters of the Illinois Welcome Committee, 107 East 34th St., New York. The committee, recently appointed by Governor Lowden, is made up of men and women who are former Illinoisans and are now living in New York.

Some folks are urged by the committee to write to all Illinois men who have not yet returned, inviting them on behalf of the committee, to make use of the club rooms when they reach New York.

MADE COMFORTABLE. The club house, at 107 East 34th Street, literally has been made over for the reception of the men.

Among other good offices being performed by the committee, effort is now being made to register every returning soldier and to chat personally with him.

MORE PAY FOR TEACHERS URGED

Theme of Addresses in Convention.

FIGURES PRESENTED

Show Wages Not Enough for Demands.

Better pay for teachers was the theme of President Felmeley's welcome address at the opening session of the Central division of the Illinois State Teachers' association in Normal Friday.

"We are here to discuss more than the economic status of teachers," said President Felmeley. "We are here for the uplift of teachers and the inspiration to go on teaching."

PRESENTS FIGURES

Dean Manchester delivered the principal address at the opening session of the meeting. He is instructor in political economy in the Illinois State Normal university and is a practical economist.

He presented figures in support of the statement that in spite of some increases, the wages of a teacher today will purchase but 64 to 76 per cent as much as the wages of fifteen years ago.

In presented statistics from a number of Illinois cities showing that in Jacksonville grade teachers' salaries have increased 48 per cent between 1895 and 1919; in Bloomington, 55 per cent between 1904 and 1919; in Decatur between 1905 and 1919, minimum 70 per cent, maximum 23 per cent; Peoria, between 1876 and 1919, 38 per cent for minimum salaries, 33 per cent for minimum salaries; Springfield, from 1905 to 1916, 66 2-3 per cent and 63 1-3 per cent. Increases in salaries of superintendents and high school principals in towns of 25,000 have increased 22 per cent; in towns of 15,000 to 25,000 23 and 20 per cent; in towns of 8,000 to 15,000, 22 per cent in twenty years.

BUT LIVING COSTS SOAR

"There is another side to the story however," he said, "a chart with lines representing six authorities, showed that there has been an increase of 40 per cent in living costs up to the time of the war; since that time no authority says wholesale prices have doubled, while another says they have increased 97 per cent, and the Labor Bureau shows that they have increased 106 per cent. Even the wages of teachers have gone up 50 per cent or more, a little flaring will show that their commodity wages are only about 64 to 76 per cent of what they were fifteen years ago.
