Twelve-Cylinder Motor Completed by Schebler.

A twelve-cylinder motor has just been completed by George Schebler of this city. It is the first of its kind in the world and promises to revolutionize the motor racing game.

the Champs leave the postponed game may not be played this series.

Larry Cheney, who has struck his stride again, will work for the Champs tomorrow, and it will be Halla's turn to pitch for the Colonels.

Vaughn, a big left-handed pitcher obtained from the Macon Club in the South Atlantic League, will join the Colonels here tomorrow, and, although he is a youngster, he will be a big help to the Night Riders if he lives up to the expectations of Manager Peltz.

MILWAUKEE, 6; LOUISVILLE, 1.

MILWAUKEE, Wis., July 2.—Dougherty was invincible after the first inning today, while the home club hit Packard hard for a 6-to-1 victory. Randall's and Barrett's hitting and a great catch of a difficult foul by Clark furnished the features. Score:

LOCAL MANUFACTURER CONCLUDES YEARS OF LABOR TO PERFECT A TWELVE-CYLINDER MACHINE, WITH SATISFACTORY RESULTS.

CLEVELAND, O., July 2.—Detroit defeated Cleveland in a twelve-inning game 2 to 1. Errors were responsible for two runs. Schaefer batted in the twelfth.

In an obscure corner of an Indianapolis factory stands a machine which, if expert opinions are true, will again cause the automobile eyes of the entire world to rest on this city.

The first twelve-cylinder motor is now ready to be placed in its body. After two years and more of careful, consistent study, George Schebler believes he has accomplished his desire to prove he can produce carburetion for that many cylinders. He is a member of the Wheeler-Schebler Carburetor Company.

Bradley in the twelfth. Batted for in the twelfth. Batted for in the tenth.

An eight-cylinder Darraz, driven by Demogeot in 1907 on Florida Beach, made two miles in 58-2-5 seconds. It was brought to America by Hemery. This has been the criterion of motor advance, but now faces defeat at the hands and brains of Indiana motorists.

Will Assemble Car at Once.

Schebler will have his motor taken to the Fisher Garage tomorrow, where immediate work of assembling the entire car will begin. The machine will be a light low affair and promises to add another victory to the progress of commercialism and sportsmanship.

PHILADELPHIA, 1; BOSTON, 1.

This motor does not occupy more space than an ordinary six-cylinder one. It is a double opposed engine. Schebler says it is possible to have all the cylinders shoot at once. The speed that can be obtained is an entire speculation at present, but if all plans work out as present indications seem to point they will, all previous records will be left behind by this new creation. It will supply more than 100-horse power.

Mass., July 2.—Collins's clean
ypole for a home run gave Phil-
fourth victory out of the five-
with the locals which ended to-
being 1 to 0. Krause held the
to four scattered hits. Score:
