TYPICAL CIRCUS DAY SCENES.

Only a few more days await the appearance of the Hagenbeck-Wallace circus in Logansport. The date is Aug. 20. Three trains are necessary to transport the Hagenbeck-Wallace circus. The first is known as the "living squadron" and leaves the exhibition city daily at 10 p. m. in order to arrive during the early morning hours. Aboard is carried the commissary department and canvas hotel, for breakfast must be ready at 7 a. m. The second circus special carries the famous Hagenbeck menagerie and trained wild animals, together with tents, seats, paraphernalia and equipment not carried on the first train. The third and final section is made up almost entirely of Pullman sleepers bearing the performers, officials and employes not carried on the two preceding trains.

An idea of the magnitude of the Hagenbeck-Wallace circus may be obtained from the immense street pageant to be seen on the downtown streets at 10 o'clock, preceding the first performance. More than 1,000 men, women and horses will be seen in the great display. Eighteen different nationalities will be represented and the characteristic music of their country will be played upon brass instruments, tom-toms, drums, fifes and cymbals. Eight bands will yield circus melody, augmented by two of the largest calliopes ever constructed. There will be more than half a hundred elaborate carved and decorated tableaus and allegorical floats. Three herds of ponderous elephants will make up the rear of the pageant. The performances will begin at 2 and 8 p. m. Doors to the Hagenbeck zoo will be opened an hour earlier.

FOOTBALL RULES WILL UNDERGO A CHANGE IN FALL

New York, Aug. 17.—Football play, while sustained by a majority of the colleges of the country this autumn, will be staged under conditions and handicaps which would be considered unusual in normal periods. In several sections various intercollegiate sport associations have planned to rescind the rule which has heretofore barred freshman players from the varsity elevens and the first year students will be eligible to "make" the big team providing they have the ability to win positions over their senior classmates.

The removal of the ban against the use of freshmen on the varsity teams has been decided to be necessary in a number of institutions owing to the greatly depleted ranks of the upper classes. The conditions which made this rule essential to the maintenance of the high standard of the sport no longer prevail and are not likely to return for some years after the war. So far as the physical efforts of a freshman playing on the varsity eleven is concerned it is thought that with shorter schedules and greater attention paid to proper training personal danger of injuries will be reduced to a minimum.

The problem of securing efficient coaches and trainers is a far more serious one. The increasing demand for men for the service and those allied branches, such as the Y. M. C. A., K. of C. and similar divisions of war work, has made heavy inroads upon the available forces from which these necessary adjuncts to football are recruited. Scores of prominent coaches and trainers are already overseas wearing United States uniforms or those of the organizations maintaining rest and assistance stations behind the fighting lines. Reports from schools and colleges in all parts of the country are to the effect that positions to trainers and coaches remain vacant, despite every effort to secure former athletes and players to serve in these capacities.

It appears reasonably certain that in view of these existing conditions the general average of football play this season will not equal that of more favorable years, although there are likely to be exceptions to this rule. Nevertheless football is certain to be played at more than fifty per cent of the colleges and schools which have supported teams in past years and the number of elevens will be greatly augmented by hundreds of cantonment and similar group combinations. Of all sports football approaches nearer to actual combat and warfare than any other game played and supported by Americans. It is not extraordinary, therefore, that the game should continue to flourish at such a time as this.

Chicago won the first game by bunting hits off Jacobs. Hollocher's home run was enough to win the second game, but the locals added another by bunting two hits with a sacrifice fly. Charley Hollocher who made four hits in the second game and who beat out a bunt in the first game, now has a record of hitting in twenty consecutive games. Both Hendrix and Tyler pitched in fine form.

ERROR LOSES FOR GIANTS Cincinnati, Aug. 17.—Kauf's muff of an easy fly with two men out in the last half of the ninth inning today enabled Cincinnati to tie the score with New York and the local team won out in the eleventh on a single by Neale, a wild throw by Sicking and a long drive to left by Magee. Both Perritt and Ring pitched good ball. Only six batters faced Eller in the last two innings, two striking out. Fletcher was put off the field by Umpire Rigler in the eleventh for disrupting a called strike. Cincinnati won the season's series from New York 12 to 7, taking the last two games straight.

BRAVES WIN AND LOSE ONE St. Louis, Aug. 17.—Boston and St. Louis broke even today, Boston taking the first game 2 to 0 and St. Louis the second, 3 to 1. Errors by Hornsby and Tuero materialized into the two runs which defeated St. Louis in the first game. In the second game triples by Anderson and McHenry, with an error by Smith and Brock's sacrifice fly put St. Louis to the front.

WIN GAME A PIECE Pittsburgh, Aug. 17.—It was an even break for Pittsburgh and Brooklyn in today's double header, the visitors taking the first game 2 to 0 and the home team the second by a score of 3 to 1. Both games were pitchers' battles. Singles by Johnson and Myers and Daubert's triple won the first game for Brooklyn in the ninth. SUBWAY SERVICE NECESSARY--HYLAN

New York, Aug. 17.—The time has passed for investigations with regard to subway service in New York, and radical action must be taken to give the people the transportation facilities for which they are paying millions, Mayor Hylan declared in a letter to the public service commission, made public here.

The high salaries paid to interborough rapid transit company officials and the high rates of interest on the stock of subsidiary companies constitute, according to Mayor Hylan, the chief obstacles in the way of efficient operation of the subways.
