DAWSON SOUGHT TO PILOT DELTA

Failure of E. H. Delling to Secure License Expected to Give Joe Mount.

THURSDAY NIGHT ENDS WORK

Ruling of Carl Fisher Allows Pilots Extra Day—Isotias Arrive This Morning.

BY A. S. BLAKELY.

Joe Dawson, winner of last year's 500-mile race, jumped into the limelight late last night as the possible driver of the Delta car, since the refusal of the contest board of the A. A. A. to grant E. H. Delling, owner and designer of the racer, license to drive in the big event.

Dawson was in consultation with the owner of the car, as was Hughie Hughes, who arrived in the city yesterday. Hughes placed the Mercer car well up in the race last year, but so far this season is without a mount. Mr. Delling asserted that he would not be able to give out any definite information as to who would be at the wheel of the car until this afternoon.

It would seem that Dawson has the first call if an agreement can be reached. He demonstrated his ability as a driver last year in the winning National and so far this season has refused many tempting offers to drive. Called at a late hour over the phone, Joe said that no definite arrangements had been made, but that he would come to a decision today. He is noted among his friends as being very quiet and unassuming, but when the time comes of announcing his intentions, he always forgets his quietness for the moment.

DAWSON KNOWS COURSE.

Should Dawson undertake to drive the Delta motor fans who have signified their intention to attend the race will be given a clue they did not know was in store. If Joe drives he will give the fans just what they need and will do the car justice. He will need little practice, for he has driven the big course in his experimental car the year round. He is the man for the place if the owner of the car can convince him that he should drive.

On account of the arrival of several cars which will compete in the big event Carl G. Fisher announced yesterday afternoon that the Speedway will be open for practice all day Thursday. In the past it has been the custom to close the track on that day in order that it may be put in shape for the racing.

The preliminary trials, which were scheduled to take place yesterday, were given up because of the rain and will be run today. Every car which can qualify today will be asked to do so, but in a few cases it is expected that the cars will be allowed to run in the afternoon.

The delay in getting the cars unshipped will make them a day late in reaching Indianapolis, whether they can be made ready to do their best work in the short time intervening before the race is a question, but the experience of the drivers who have toiled in the mud is a warning to the officials that the cars will be in a sorry state.

Yesterday proved a bad day for the Speedway. Jupiter Pluvius took things in his own hands and decided that it was the best part of the day for a really didn't need the workout as badly as he thought. The cars will be out to the track in the afternoon, of course, the rain forgets to fall.

Intended Using 5-Ounce Gloves in Fatal Bout

CALGARY, Alberta, May 26.—It developed today that eight-ounce gloves instead of the customary five-ounce gloves were used by the fighters in Saturday's tragic fray. This became known upon members of the Northwest mounted police being given the gloves for evidence to be presented in court today. The police officer, J. J. McCarty and Kelly had agreed to use the lesser weight gloves; and it is said, when the referee ordered that the five-ounce gloves be used, they were left in Calgary, which is five miles from the scene of the fight. McCarty's manager objected to their use until McCarty overruled him.

It generally is conceded that the burning of the Burns arena last night caused the only needed blow to put a quietus on the boxing game in Alberta province.

FIGHTERS BUSY WITH PREPARATION STUNTS

Middleweights Taper Off for Big Clash—Interest in Saylor-Kelley Bout.

BY KNOCKOUT.

Jack Dillon and Frank Klaus confined themselves to indoor workouts yesterday, but both put in a hard afternoon of training. The weather forced Dillon to desert his Riverside club in favor of his South Illinois street campings. The Hoosier bearcat is already on edge for Thursday night's encounter with the Pittsburgher and will confine the remainder of his training to light workouts. The strenuous days of preparation are over for Jack and he is only awaiting the time when he will be sent in to prove his claims on the middleweight title.

Klaus is camped at the Oakley Club, southwest of the city, where he will taper off for the Washington Park conflict. George Engle, manager of Klaus, and Barney Furry, trainer, both assert that the Eastern 160-pounder is in grand shape for Dillon. Klaus clashed with Eddie McGorty last Saturday night, but didn't extend himself because he considers the regular bouts of greater importance than the one with the Oklahoma pug.

SAYLOR-KELLEY INTEREST. In the tremendous gossip over the Dillon-Klaus fight the boxing fans were not forgetting the Saylor-Kelley clash scheduled for the Empire Friday night. The regular bouts of Saylor and Kelley, 128 at 3 o'clock. This weight should give Kelley the better of the dose, but Young Saylor feels that the long siege of workouts with Jack Dillon has gotten him into magnificent shape, and he is confident of showing the battler up in the tangle. Kelley confident and aggressive at all times, declares that his ability has been underrated and he is crazy to prove to the fans that he belongs right along with the best writers in the game. The battler gained an easy victory over Tommy Devlin in his last engagement and was points to the victory as proof of his rating.

Devlin has a draw decision with Ray Bronson, while Saylor also fought Ray a draw. Kelley has been attempting to break into the big water ranks for some time and hopes to take a long step in his class with Saylor. The two bouts of preliminaries are being arranged for the Empire 80.

BRANNIGAN CHECKS MCGUE.

Eastern Feather Has Better of Touted Wisconsin Boy.

MILWAUKEE, Wis., May 26.—Patsy Brannigan of Pittsburgh checked Marty McGue's fast march toward the featherweight championship tonight when he defeated the Racine boxer in a fast and furious ten-round bout.

From the first to the close the bout was hard fought, with Brannigan doing most of the fighting and leading. McGue started off like a winner and sent three hard drives to the Easterner's jaw in the opening session. The next two were more of the same. Brannigan fought the fight to McGue, but he was unable to do any damage. In the fourth the Pittsburgh boxer landed several hard lefts to the face and body and several times made the Wisconsin man back to the ropes and over.

IT IS HARD to believe that Stanislaus Zyzsko fractured his skull by merely falling off a platform. It was the general opinion that Stan would have to tumble off a ten-story building to accomplish that result. (We would have said twenty-story, but twenty has three more letters in it than has ten.)

SOUR GRAPES. AFTER CHARLES Murphy say there was little chance of getting Pitcher Schaub that he did it was probably that the club that he got into pick a lime.

FOUNDATION FAILS. Hamilton was close up to Ten Point when the former was running his race in the first mile, but quit badly and Foundation, to which many westerners had planned their hopes and their money, failed to show ability commensurate with his showing as a 2-year-old. BACK BAYS CHOICE IN FIRST RACE TODAY

Shows Class and Should Win Six-Furlong Selling Event—Ben Lasca Good Second.

BY A. H. KAMPMEYER.

LOUISVILLE, Ky., May 26.—Douglas Park is no longer to be rated as a slow track when three track records were broken today—opening day—and I predict that before this meeting is over it will be known as one of the fastest tracks in America.

The condition of the track for tomorrow will be heavy after the all-night rain, and the muddlers will have their first opportunity to get the purse.

The opener for tomorrow is a six-furlong selling race. Back Bay is in the class of the race and should win. Ben Lasca has a chance at the second hole. Silk Day with the right kind of handling has always a chance to upset matters.

Watermelon goes in the second race and should win. Buzz Around has improved and can't be far back. Laval is a about holds the balance safe.

Benana is on edge and will be the one they all must be out to get. The third race, Moral Park will be the favorite, but don't let that worry you. McCorkie, who has lost more money at the Downs than any other horse, but I know of for his backers, may run the race they expect of him, but show will be about the best he will do.

PRINCE HERMIS IS FIT.

The feature event, a handicap at a mile and seventy yards, should go to Prince Hermis, for this colt is fit and will only carry ninety-eight pounds. Edda and Princess Callaway have the place between them.

The sixth, a platers race for a mile and an eighth, looks like a hot spot for Shindig and any information that the stable following will be better. Beautiful is again on edge. Sir Catesby will be a hard nut to crack. If the going remains heavy for the show, why getting in at home. Today's results are as follows:

First (6 furlongs)—Lost Fortune (Buxton), \$11, \$5.30; 2—Ten Board, \$15.00; 3—Barbara Lane (McCabe), \$4.50; time, 1:01. Record (6 furlongs)—Old Rosebud (McCabe), \$2.00; 2—Ten Board (Peak), \$2.50; 3—Black Toney (Gans), \$2.00; time, 1:00 2/5 (new record).
