STRANG TO QUIT RACING GAME

[By Carbureter.]

The eleven cars in the Premier Motor Manufacturing Company's run to French Lick arrived in Indianapolis this afternoon on the return trip, having completed a successful and enjoyable run. Leaving French Lick early this morning, good time was made, the only stop of importance being at Martinsville, where the company's visiting agents were entertained at a luncheon. Although no rules or regulations were observed the run served to demonstrate the good touring qualities of the 1916 models of the Premier. Aside from their praise for the performances of the various cars, the visitors had much to say of the picturesque scenery of southern Indiana.

On the program this afternoon was a trip of inspection to the Indianapolis motor speedway, the party being scheduled to leave the Denison hotel at 3 o'clock. Dinner will be served at the Country Club, after which the party will be entertained tonight at a theater party at the Grand.

Strang to Quit Racing.

Lewis Strang, one of the best-known automobile drivers in the country and at present a member of the Buick team with Chevrolet, Burman and DeWitt, has announced that he has driven his last race. Strang relinquishes the right to pilot one

Leaving French Lick early this morning, good time was made, the only stop of importance being at Martinsville, where the company's visiting agents were entertained at a luncheon. Although no rules or regulations were observed the run served to demonstrate the good touring qualities of the 1919 models of the Premier. Aside from their praise for the performances of the various cars, the visitors had much to say of the picturesque scenery of southern Indiana.

Strang to Quit Racing.

Lewis Strang, one of the best-known automobile drivers in the country and at present a member of the Buick team with Chevrolet, Burman and DeWitt, has announced that he has driven his last race. Strang relinquishes the right to pilot one of his cars in the coming Vanderbilt cup event, as well as in several twenty-four hour and distance races this fall, to enter the business end of the game.

"I think that I have taken enough risks—have had about all the excitement and danger that a driver should have," says Strang, who has adopted Chicago as his home. "I'm to accept a responsible position with the Buick company, and hereafter I will dispose of cars, not drive them."

Nine Cars in Brighton Race.

Nine cars have been entered and three more are expected to start in the twenty-four hour automobile race Friday and Saturday at the Brighton Beach motor-drome, New York. The course has been improved since the last race and the drivers expect to break the previous twenty-four hour record. This will be the last automobile race at this track this season.
